Driver still in hospital after crash

One man is in Rosam Hospital, and one was treated and released following a two-car accident in Fenelon Falls on Saturday.

Wilbert Johnson, 64, of Fenelon Falls was released, chest injuries and relaxed, and Gordon Gillis, 57, of Cameron, is still in the hospital with chest injuries. They were the drivers involved in a collision at the intersection of highway 121 and West St. in Fenelon Falls.

Investigating officer Chief W. Weaver, of Fenelon, told "The Post" that charges will be laid, and damage to both vehicles was about \$300.

long Lake over one mile away. The loan appeared quite expected upon seeing his familiar haunts and was immediately accepted on the surface as fitting his shrill call and flapping his wings if it is to thank his benefactors. The officers behind the loan may have learned on the narrow ribbon of road mistakenly thinking it was a river or narrow lake. Their comment regarding this incident was a story, "just a grain of sand."

Ed. Note: This fiction came as a bit of surprise. We were under the impression that seeing "tong" on the highway was not at all unusual.

Ten rental units will be constructed in Lindsay by the federal government housing branch and the ratification of Council Tuesday. The mayor reviewed that in earlier rental survey of ten units, favored by the housing branch, was turned down by Central Mortgage and Housing Corp. Ltd.

According to the latest report 18 families have applied for housing. Similar houses on Short Ave. are showing a profit was pointed out. Councilor DeGroat voiced the opinion that rental facilities were badly needed in town. "If you will recall the difficulty, scrub personnel had," he observed.

and nothing has been done."

Horton: "I would say the mayor has been badly neglected."

Reeve found explained the assessors of the City municipal form the 1961 Arbitration board. You go and talk and plead with them to give Lindy something and you will see how far you get. Reeve of other municipalities have told me they can see why we are holding but to just keep on holding."

Mr. DeGroat: "My understanding is these assessors could not favor giving Lindsay this mill, they have to please their respective municipalities so it is understandable we get nowhere with these arbitration board. We have given out no specific instruction as to whether to proceed with it or not."

Mayor Holton explained the board of arbitration met last night and decided Lindsay's mill subsidy says: Lindsay's Council decided to file an appeal with the Municipal Board, a joint meeting was arranged with county council; feeling expressed there was Lindsay should pay two mill subsidy; result was the solicitor was asked to call off the appeal to a later date.

"The point is," he continued, "the matter is left up in the air... Do you wish to bring the matter up again or leave it as it is?"

Mr. DeGroat suggested a meeting of the town and county council.

Councilor DeGroat favored this suggestion saying "as far as we are negotiating we are not forgetting. But this meeting will be like buying up against a stone wall," he predicted.

Mayor Holton: "Did you ever hear of a rabbit negotiating with a fox?"

Deputy-reve Pinney expressed the opinion there was not much chance of Lindsay getting much consideration from county council.

Councillors Neil and Macdonald stated that chances of the appeal of the tax were not good.

Councilor DeGroat, addressing the Mayor: "Do you consider it a bunch of rabbits?"

Mayor Holton: "If the cap fits — wear it."

On Reeve Found's suggestion it was thought by Councilor DeGroat a good idea to meet members of county council in the spirit of good public relations and "extend the housing branch first if it was intended the rabbits should meet the foxes."

Conciliator Hutton maintained advice on the next move should be taken from the solicitor. "I don't know what to do — do you," he asked the Mayor.

Mayor Holton — "Last year

Sunday movie vote coming in December

Lindsay voters will be asked to vote for or against Sunday movie for state licence extension in the next December municipal elections.

This was decided at the Tuesday council meeting, and was suggested in a letter received from manager A. Ferguson of the Century theatre.

All councillors present in agreement that the people should vote on the issue by plebiscite but councillor Lee Neil enquired as to the

closing time. In other communities the time was set at from 1:30 p.m. to 9 p.m.

The Mayor pointed out that before the bylaw got its final reading, which must be at least two weeks before the municipal election, ample time would be provided to decide on details such as closing hours.

Councilor Hutton thought erected before the council should be consulted before the council decided on the matter so as to not jeopardize their decision. Council voted in favour of the plebiscite.

Salvage dealers to meet with police committee

A meeting of this place informed about this matter, on July 3rd, between Lindsay salvage dealers and the police committee. This was arranged when four salvage dealers approached council Tuesday in opposition to a bylaw restricting their yards should be fenced.

Cyril Gerster, of Gerster and Meier was spokesman for the other dealers, Bert Lowery of Riggs Auto Parts, Dave Braiser of Braiser's Auto Wreckers, and Harry Greer of Greer Auto Parts, all residents of Lindsay.

Mr. Gerster pointed out that chief objection to the bylaw in question was the clause which states, "every salvage yard be enclosed with a board fence, all one color, etc."

"We see no reason why we should be put to the expense of a high light board, we should be high enough to cover our stock," said Mr. Gerster continuing, "We are in agreement that the appearance of the grounds should not be objectionable. The police have visited us at times and we have asked to be given a list of stolen articles. We do not believe it necessary to find out the age of those selling to us."

In answer to a query from Councilor DeGroat, Mr. Gerster replied Lindsay salvage dealers did not want a fence in any shape or form. "When established in 1951 I did not know my property would be annexed by this city," he stated.

Mayor Holton pointed out the bylaw was passed last year and the chief of police and chairman of the police committee informed the dealers of it.

Mayor Holton said the salvage dealers of the community would be well advised to be in attendance at the July 9th meeting with the police committee. A report will be made back to council at the next meeting in July. Council is very anxious to become well-

the solicitor reported we did not have a good case."

It was decided Reeve Found and Deputy-reve Pinney were not members of the county council reeves' thinking on the subsidy matter was bringing a meeting with county council.

PLENTY OF ACTION

Plenty of action is on tap in Major League Baseball today. A full schedule of doubleheaders is slated in the American League. Kansas City at St. Louis, New York at Baltimore, and Los Angeles at New York. The Los Angeles and New York games are scheduled for a twin bill. In the other doubleheaders, Detroit is at Cleveland and Minnesota at Boston. Doubleheader action in the National League takes place at Houston, Philadelphia at Los Angeles and New York at San Francisco. Chicago plays a single day game at Cincinnati and Milwaukee is at St. Louis for one game under the lights.

YESTERDAY'S ACTION

In American League action yesterday Minnesota nudged Boston 4-3. New York beat Kansas City 8-7, and Detroit defeated the Chicago White Sox 5-4 in 11 innings. The Los Angeles at New York game was postponed because of rain. In the National League it was San Francisco 10 New York Mets 1. Cincinnati 6 Chicago Cubs 1. Pittsburgh 5 Houston 2. St. Louis took Milwaukee, 6-5, in the first game of a doubleheader. The second game was called after eight innings with the score tied because of a curfew. It will be completed today.

THREE BIG RACES

Three big races are on today's turf agenda. At Aqueduct, "Kelso" and "Carry Back" atop a 10m field entered in the 100-hundred dollar added suburban handicapper "Kelso" the horse of the year in 1960 and 1961-a two weight at 132 pounds. Only two other rivals are entered in the race—Bue Purple and "Garvol". The featured race at Hollywood Park is the \$50-thousand dollar added American Handicap. "TV Luck," "Prove It" and "Olden Times" head the field for that classic. "Omik" is favored in the \$40-thousand dollar added Stars and Stripes Handicap at Arlington. But he is expected to get tough competition from "Purvenet the Second" and "Run For Vursus".

TOP DRIVERS TO COMPLETE

The nation's top stock car drivers will compete today in the annual Daytona Flocker 250 mile race in Florida. A new world speed record for stock cars is predicted with average speeds of over 156 miles an hour expected. Among the entrants is Dale Parson of Spartanburg, South Carolina who set the present record for the race last year. He averaged 154.2 miles 294 miles per hour. Also included in this year's field are Ed Matthews of Asheville, North Carolina, Johnny Jones of Miami, Johnny Allen of Atlanta and Glenn "Fireball" Roberts.

LOST

Toronto Argonauts Coach Lou Agass says all-Star center Normie Armstrong could be lost to the Eastern Football Conference club for at least a month. Stoneberg is recovering from an eye injury received in a golfing accident in May. Whether Stoneberg will be allowed to play at all this season is still being studied. Further test are being taken to determine if a football contract might permanently endanger his eyesight.

ONE AMERICAN REMAINS

Only one American remains in the women's division of the Wimbledon Tennis Championships at England. Karen Hantze Sussman advanced to the semifinals with a 6-4 and 6-4 win over Renne Schoorman of South Africa. Favored Dorothea Hard of the US was upset by Vera Sovkova of Czechoslovakia. And America's Billie Jean Moffitt was ousted by Britain's Ann Haydon 6-3 and 6-1. Mrs. Sussman will face Miss Haydon in her semifinal match Thursday.

TIREMEN STRENGTHEN LEAD, DEFEAT LUMBERKINGS 5-2

Canadian Tire Softballers Cornier got on in an infield error and stole second. In the fourth inning, Bill Horton, and Al Trumby put singles back to back a fierce contest on Crandell loaded the bases

strengthened their first position in the Lindsay Men's Softball League standings last night when they defeated the LumberKings 5-2 in a hard fought battle at Victoria Park. Baghavs with the second inning, four runs in the first inning how- ever and one in the second inning enough to gain the win for Canadian Tire. Baghavs outkilt CTC by eight hits but seven, but seven, Baghavs runners and inability to hit with runners in scoring position cost the game.

Craig Case pitched the win for Canadian Tire striking out thirteen, he walked five and left 13 Baghavs runners on the base paths. One run in the first inning and in the fourth was the most Baghavs could do against him.

Canadian Tire batted around in the first inning with Vaughan Power opening with a walk. Ken Jackett singled him second. Don Jackett forced Ken at second, but an infield error by Ashmore and Merle Rhodes came through with a two-run triple. Andy Bushey walked, but Rhodes was tagged trying to steal home. Wainman singled Bushey home. Case fanned to end the barrage. Power scored what proved to be the final run for Canadian Tire when he singled to open the second inning. An infield out and an error batted the run.

Gene Rhodes double over third scored Cornier with Baghavs first run in the third.

McKee-Eakins Nuptials

The marriage of Marjory Eakins, daughter of Mrs. Eakins and the late Howard Eakins, of Lindsay, to Russell McKee, son of Mrs. Donald Lindsay, of Weyburn, Sask., took place at the home of Mrs. Norma McKee, Gov. Saskatchewan, on June 2, 1962, in Queen Street United Church, Lindsay, by Rev. Ben Garrett.

The wedding music was played by Miss Anne Shier, niece of the bride, and soloist was Mrs. Barbara Agnew, who sang "The Wedding Prayer" and "O Perfect Love."

Given in marriage by her brother Earl Eakins, of Preston, Ontario, the bride wore a gown of pure silk organza with embroidered appliques of leaves edged in satin with over a layer of scallops at the skirt falling into a chapel train at back. Her headpiece of satin sequins and pearls carried her pure silk illusion veil. She carried a white orchid on a white Bible with yellow rose buds set in the bows on the streamers and Stephanotis.

Mrs. F. J. Reed guest speaker at banquet

Woodville (PNS) — The feature of the June meeting of the Woodville United Church Women was a talk by Mrs. Fred Reed of Sunderland, on the subject, "Churches and Culture." Mrs. Reed told of many fascinating features such as, stain glass windows, memorials to many famous people, fine tapestries, the bride, who wore a full and shimmering dress of blue nylon with matching bonnet. Both carried identical bouquets of yellow roses and white Stephanotis.

Lloyd Thurston was groomsmen, and ushers were John Eakins and Melville Eakins, of Lindsay.

For the reception that was held in the Church Hall, the bride's mother received wearing a dress of rosewood beige lace, white accessories and a corsage of white roses. The groom's mother received in a two piece dress of beige and white imported Italian brocade with matching accessories.

KLONDIKE GOLD-RUSH BANK. The first bank at Dawson, Yukon, in the gold rush of 1896, was a rough wood-framed, canvas-covered shack and it has been re-created by the Bank of Montreal as part of the Dawson City Gold Rush Festival, which opened Sunday (July 1). The office was established by the bank of British North America, which later merged with the B of M. The first manager, David Doig, and two clerks took 47 days to travel by steamer, dogsled, pack-train and

canoe — the 1,500 miles from Vancouver to Dawson to set up the sturdy-looking first bank. Present B of M manager, John Whisker, Roy McPhail, who was elected first president of the Festival in 1960, is depicted here in the doorway of the tent-shack chatting with customers in period costume. Shown inset, he weighs gold dust on scales of the type used during the Klondike gold rush. The present B of M building, in the background, was erected in 1901 by big Alex McDonald, "King of the Klondike."

Excellent weather prevailed for the Victoria County Historical day ceremonies at Lindsay which were graced by the presence of Ontario Lieutenant - Governor J. Keiller MacKinnon and his wife. Held to officially commemorate the completion of the first phase of the Victoria County Museum, the pictures of the event were shown by the Ontario Lieutenant - Governor MacKinnon advancing to take the salute from a hand-picked company of Boy Scouts and Girl Guides of the township. The governor led the parade of the decade commander P.J. Welsh and followed by Mrs. MacKinnon returning the reviewing stand: some of the people on the reviewing stand had high hats. The parade from the left (front) watched a march past of hundreds of school children. Scouts, Cub Scouts, Guides, and Brownies. The picture, lower left, is of a representative of the school students on the reviewing stand.

spect of fashion caters to loveliness as does an ally flattering color. That does not mean for flake you must ever wear a shade you despise. 'Twould expressing—needlessly so!

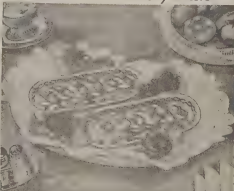

range of color in the fashion world is wide enough to choose what to pamper both your whims and your skin. To make just-right selections, first off use this rule of thumb: Flattering shades bear the underlying tone of your skin or else play up its intensity — its degree of vividness. The exception is the florid skin; it is enhanced by pastels.

For the rest, follow the principle at work, find your skin tone below, and choose from a list of "you" shades in terms of spring's

NET (creamy to olive): Peach, orange reds, apple
ristol blue, black with white, oaten beige, daffodil
 pale grays, creamy white. **FAIR** (pink or bluish-
 net): Bright gray and pale-to-deep clear blues,
 pinks, sage green, mustard yellows, oyster white,
 black, blackened beige. **FLORID**: Gray, green-
 blues, water and deep-blue greens, grayed beige,
 browned browns, black, oyster white.

Which of the shades listed for your type strike your
 fancy? They are the ones that will make you feel and look
 as attractive as self. For sure!

Norway Sardines Parisienne
Novel and Savory Dish

Versatility is the word for this novel Norway sardine dish created by the executive chef of one of New York's most famous hotels (Joseph Castabert, Hotel St. Regis). An appetizing and colorful hors d'oeuvres, Norway sardines Parisienne also makes a savory luncheon or supper entree. Elegant yet simple to prepare, too.

- | | |
|---------------------------|-----------------------------|
| 1/2 cup diced new carrots | 1 tablespoon chopped chives |
| 1/2 cup diced potatoes | 2 hard cooked eggs, sliced |
| 1/2 cup green peas | 1 can (3 3/4 oz.) Norway |
| 3 tablespoons mayonnaise | sardines |
| | 12 pimento strips |

METHOD: Cook the vegetables in salt water until tender. Cool the vegetables and dry in napkin or towel. Mix together and add mayonnaise flavored with chopped chives. Arrange in two celery dishes. Place slices of hard cooked egg over the vegetables and top each slice with a whole Norway sardine. Garnish sardines with pimento strips. For an inviting serving arrangement, place dishes on a large platter garnished with tomato rosettes, lettuce bouquets, parsley and lemon wedges. Serve mayonnaise on the side.

GUESS WHO...

... suggested playing a kissing game.

Horses and people don't make the news together very often nowadays . . . It's usually cars and people. The trend was broken momentarily last week when the prize-winning grey percheron team owned by Clarke Trent of Oakwood pulled a double buggy loaded with historical characters up Lindsay's Kent St. to the Victoria County Historical Day ceremonies at the exhibition grounds. Piloting the carriage was lawyer Jamie McQuarrie seen holding his daughter Patricia, who regards his regalia with amused interest. Third picture from the left

shows Clarke Trent as he completes loading his team for the trip home. The dwarf member of the horse family seen in the picture on the extreme right is the Shetland pony won by John Guse of 56 Simcoe St. He held the winning ticket in a free draw made to mark the official opening of Lindsey's newest auto parts depot—Motorcade Servicentre on Lindsay St. south. With the pony on the left is assistant store manager Cecil Carr. The pony's new owner places a possessive hand on its neck. The winning ticket was drawn by P. C. Ralph Fountain.

Lindsay motorists are almost up to scratch with drivers using Vancouver streets these days... This week Lindsay drivers were surprised to see a section of pavement missing at the junction of Wellington and Lindsay Sts. Out in the country two hunks of pavement dropped from the ceiling driving to be a little leery of travelling in the area. At last someone has taken notice about holiday forecasts... but it won't do Canadians much good unless some action is taken. Gresham members of Parliament on the side of the Atlantic regards a similar protest. A member of the British parliament has suggested that the weather bureau bear down and make "special efforts" in forecasting national holidays. Gresham Cooke told the House of Commons the forecasters made a "mess-up" on White Monday by predicting sunnier, fairer weather forecasts which didn't materialize have fouled up more than a weekend.

Central School graduation attracts capacity crowd

It was standing room only last night at the annual Central School graduation ceremony.

By 7:45 all available seats had been taken, even the bleachers brought in for emergency seating.

Boys and girls looking more like young men and women were milling about, swirling in and out of the bleachers and mats in evidence. The girls were in quiet excitement throughout in the whole building.

At 8:00 the Central School band, led by Principal Rev. Leville opened the evening's program with a welcome to all the parents and students, speaking of the work done by the students.

Greetings were expressed to the parents and the graduates.

Following greetings by the Principal W. Brees, came the Principal address by Jean Patterson. She spoke briefly, but with authority and sincerity for the students.

"Without our parents we would not be where we are and take a lot of gifts the school has given us," she continued, "are the friends who help us."

She closed by thanking everyone for the help they had given.

Grass, fatal injuries
crossing street SaturdayHad gone
to store
for candy

Requiem high mass was sung this morning at St. Mary's Church, Lindsay for the seven-year-old victim of a fatal accident here early Saturday evening. Theresa Madeline O'Connell, daughter of Mr. and Mrs. Joseph O'Connell was on her way home from Longfoss over Langton's (Neat Market) after buying candy at MacCallister's when she was struck by a team of horses when she lost her life. Police say she was in collision with a truck driven by Ivan Pollock, 41, of Lindsay.

According to the report of investigating officer PC E. Bowers, the Pollock truck had just turned north on Lindsay St. off Kint when the accident occurred.

Rushed to Ross Memorial Hospital by Lindsay ambulance, the child died shortly after announcement.

An inquest is to be held at a date yet to be named. The O'Connells have three other children, a son, Ferguson, and a daughter, Joan.

Crossing street,
woman injured

Mrs. R. A. Grant, of Lindsay, was injured Saturday night at the Ross Memorial Hospital over the weekend.

Police say that Mrs. Grant came in contact with a car driven by Katherine Hickson while crossing Lindsay street near Ridout St. about 4:30 p.m. Saturday afternoon.

The Hickson car was making a turn off Ridout St. to go north on Lindsay St. when the accident happened.

Mrs. Grant was treated by Dr. W. C. Blackwell at the hospital, and released.

Holiday toll
about 83

The last Monday day holiday weekend has claimed at least 83 lives in the United Provinces, according to a survey shows that Ontario and Quebec each lost 40 fatalities and there were 17 highway deaths. There were 49 road fatalities in all.

Summer church
services begin at
"The Point"

Rev. Dr. S.H. Lane of the United Church General Council, who has been appointed to the post of the Union Church at Pleasant Point Sunday morning service, will begin his first services for the month of July and August and about 70 worshippers attended. The service also marked the first Sunday event in the 40th anniversary year.

Larry Marshall, of Lindsay, was heard in the solo and the organ.

In introducing the speaker, J. G. Baldwin paid tribute to the service which has been directly responsible for the aid speakers and soloists as well as being the accompanist for many years past.

NOTICED ... along the way

School's out ... pools in town. No sooner was school out on Lindsay on Friday than the Ridout Swimming Pool, in Kawartha Park was a scene of lively, refreshing activity as scores of students took their first dip of the summer in the popular pool.

With the Dominion Day holiday barely behind them, many people are already looking ahead to Civic Holiday - the next in the series of long weekends. It will arrive on schedule on the first Monday in August.

Talking about the Dominion Day weekend ... There was better showing of flags than usual this year, they were being flown stop and outside many main street buildings at least a year ago.

Emily Provincial Park, project operated by the Dept. of Lands and Forests, may soon give the department a chance to demonstrate its reforestation skills right around here ... Many of the central ones which grow on the hills are now under the care of young. They'll need replacing the beach-grassers are to have a place out of the sun.

This is the time of the year when people start looking at their neighbour's lot to see how they are keeping their weeds down. An obnoxious lawn has written in to say he is distressed about the condition of grounds which were once well kept - grass closely cropped and flower beds well kept to their beauty - which have been literally "let go to grass" and weeds. His way of dealing with the weeds is to let them grow. The two railway stations in town.

Training school opening
at the end of the month

The Ontario Girls' Training girls, Mr. Hackl explained. School at Lindsay will be opened on July 31st at 2:00 p.m. This is the official word as learned by "The Post" in a telephone conversation with L. Hackl, an assistant to deputy minister of Reform Institutions, parliament buildings, Toronto.

The opening has been delayed due to a training period necessitated by the new personnel "in a very important and new field. We are endeavouring to build up the good appointments and it is school routine on a gradual and small basis before assuming the few of the girls inmates will bring the jurisdiction over the capacity school of some 140 opening.

EDITORIALS....

HOW FAR IN ARREARS SHOULD TAXES BE ALLOWED TO GET?

How far in arrears should taxes be allowed to get before action is taken to collect them? This is a problem confronting every municipality and while it is a situation which calls for careful handling if undue hardship is to be avoided. A blanket policy for collecting tax arrears would simply be procedure but it also might work some injustices. Some taxpayers are in arrears (especially in these days when many people are forced to finance pretty close to the line) can support the family budget adequately. There are other factors which lead to a long period of unemployment, for example, which can place family finances in difficulty. In many instances these same people have worked hard, and have paid their own home and generally be good citizens. It would be unfair to deal ruthlessly with them under these circumstances.

Collection of tax arrears, and the method to be adopted, will probably always require taking into consideration the circumstances surrounding each case. In any event, every effort should be made to avoid working an injustice and the aim should be to arrive at an amicable settlement.

THEY MADE A LASTING IMPRESSION....

Ontario's Lieutenant-Governor J. Keller MacKay and his charming wife made a lasting impression on the people of this area who were privileged to meet them during the occasion of their annual formal visit to Lindsay.

Here for the official opening of the Victoria County Museum on Wednesday, their visit unquestionably made a lasting impression on the people of this community and the Victoria's official representatives in Ontario. Readers will note that we refer to the lieutenant-governor and his wife as the "representative" whereas in reality they are who is the Queen's official agent. However, we believe there is more than a grain of truth to a remark made by one of our citizens who, after having attended the honours bestowed by Victoria County Council, wherein he observed that he was once admonished not to get a swell head because he had become lieutenant-governor of the province. "Remember," he was told, "you are only the husband of the wife of the lieutenant-governor." At another point he was paying tribute to the Hon. Leslie M. Fry, and was doing so complimented Mr. Frost on the part she had played in his public life, observing "This iron hand in the velvet glove still prevails.... This is not unknown."

Aside from this, the visit gave each area an opportunity to get to know better the head of state in person, and to meet with what they hoped to find in him... A very human person, possessed of great understanding, an eloquent speaker with a sincere message, a well defined sense of humour and a warm personality.

We believe the visit of the kind paid Lindsay on Wednesday by Lieutenant-Governor MacKay will go a long way toward strengthening Empire ties and respect for those in high office. Any who were prone to regard the lieutenant-governor as something of a figurehead playing a relatively passive part in the affairs of state no doubt have undergone a change of heart since meeting him. In fact, they perceived a vigorous man, a man with high ideals and the courage to voice them, a man devoted to encouraging his fellow men to aspire to lofty achievements and apply the necessary pioneering spirit and hard work to essential attain them.

Lieutenant-Governor and Mrs. Keller MacKay, Queen Elizabeth II is indeed well and happily represented in this province of Ontario.

BACK IN THE YEAR 1912....

Back in the year 1912.... and on many Dominion Days since then.... Lindsay did something to celebrate the birthday of the nation. For example, according to old newspaper files, the town was the site of a Dominion Day celebration on July 1st, 1912, with a callimachus parade which included dozens of floats, bands and all other things which might be used to make a parade, including a main street bedecked with flags.

In the year 1962, Dominion Day will probably go virtually unobserved at Lindsay.... There may be a few flags to be seen, (not man said the other day by couldst' buy a medium size Union Jack or Canadian Empire in town to save his life), but otherwise the day will come and go without fanfare.

Of all the anniversaries which should be observed throughout the country, Dominion Day deserves special recognition. It is the most important date in the history of Canada, the day when it was proclaimed a united nation. Certainly it is too late to do anything about this year but it does seem to us important to satisfy mark the occasion properly in the succeeding years. It is not too early, however, even now to start thinking in terms of the 100th anniversary of confederation.

A DANGEROUS INTERSECTION

The fatality which occurred Saturday night at the intersection of Kent and Lindsay Sts serves to emphasize what has long been known, that the intersection is dangerous from the standpoint of the pedestrian, to say nothing of the motorist.

A pedestrian attempting to negotiate the intersection has traffic coming from three directions, left, right and through. A driver, besides trying to cope with traffic making left and right hand turns, has to keep a weather eye on the pedestrian.

In view of the latest incident at this intersection, we believe consideration should be given to at least eliminating left hand turns. This would give the pedestrian a fighting chance of surviving street crossings at this point and really shouldn't impose any hardship on the motorist.

Reports and Remarks...

"WHAT'S THE TROUBLE?"

Condensed from Good Housekeeping Stephen Leacock has a trial are the things we fuss about. I have known two professors of Greek who ceased speaking to each other because of divergent views on the pluperfect subjunctive. Some people will just spout off just because one could play better but the other couldn't better.

I recall two old men who were better partisan opponents. Old Archie hadn't spoken to Sidney for ten years; no, since Archie was a Grill and Sidney was a Tory. They don't know what that means; but then, neither did they. Anyway, they sat each morning in the country taverns with their newspapers. Each started a sideways campaign of sneers addressed to the room but intended for the other. "If we were some damn fool of a Tory," etc. So it went for years. Then one day I saw old Archie at Sidney's funeral, standing, shrunk and silent, his head shaking from side to side. They said at the next election (his last) he changed his side.

So while there is time, let us realize how insignificant are these animosities—what good fellows we are all really. I recall an English husband who with the refrain "It's all right when you know him first." We are all like that. I am sure I am, and I think it likely that you are. You may look pretty disagreeable, but that's because you can't help it with that face of yours. Let people realize that it is only your face, that behind it you are all right.

And, mind you, we can do this for they. We'll do it at Christmas: we pretend to be such good fellows that somehow the whole world looks brighter for the pretence. For you are, it is the belief that is the real reality. "All the world's a stage," as Shakespeare said, or at least it could be if we set ourselves to make it so. Come, let us play actors and let the world like to play them, each according to his true self.

RECAPITULATING THE PAST

For almost a quarter century Fort Henry, in Kingston, Ontario, has been one of the leading attractions for sightseers and tourists. Located on a promontory just east of the city harbour, the fortress bristling with mounted cannon and is defended by all the paraphernalia of a military installation. Thousands have been thrilled to the pomp and pageantry displayed by the famous Fort Henry Guard. In the colourful uniforms of 1867 the guardsmen exhibit the form and arms drill of the imperial garrisons who once manned the Fort and fire salutes from the 150-year old muzzle-loading cannon. This year the Fort is open daily from 9 a.m. to 9:30 p.m. The season runs until September 16.

During its heyday the Fort was known as "The Citadel of the Great Lakes." Begun in 1812, it was built to fend off invading American forces during the War of 1812. From 1812 to 1891 the Fort was garrisoned by detachments from many famous British and Canadian regiments. During the intervening years between 1891 and 1906, the Fort fell into disuse and the walls began to crumble. In 1906 the planning of the restoration began. On August 1, 1908, the renovated Fort was officially opened to the public. Today, its rooms, casemates and ramparts vividly recall the story of Canada's past; there are collections of antique weapons, specialized collections of infantry, cavalry, artillery and naval arms and equipment, as well as refurbished living quarters.

DON'T BE A CAMP LITTERBUG

Good campers leave campsites as neat as they found them. With more than 13,000 individual campsites available in 72 of Ontario's 80 Provincial Parks and Forests, the Department of Lands and Forests is stressing the importance of taking full advantage of garbage disposal facilities provided, with special emphasis on the unpopularity of "litterbugs."

1. A good camper, park rangers point out, obeys these rules:
1. Properly disposes of garbage by placing in the containers supplied.
2. Respects the rights of his fellow travellers.
3. Leaves his campsite as clean or cleaner than he found it.
4. Leaves a small supply of firewood for the next camper.

5. Treats all park buildings and equipment as he would his own personal property.

6. When in camp, he seeks the ranger in charge.

CAKE MIXES AND SALMONELLA

Just as the British go to press we have learned of an amendment to the Food and Drug Regulations (Canada Gazette May 23rd, Order-in-Council PC 1962-687). This amendment forbids the sale of any product for use as food unless it is free from the genus *Salmonella* as determined by the official method.

Consumers across Canada have been greatly concerned at the death of a child and the rising number of cases of *Salmonella* poisoning among children and adults. This is being attributed to *Salmonella* contamination in some cake mixes containing egg products.

CAC welcomes this new regulation. We hope that it will be strictly enforced with severe penalties, so that consumers can be assured of a safe food market free from *Salmonella*. CAC will continue to watch the action being taken to eliminate completely all contaminated food from the marketplace.

Western meadowlark sighted by Lindsay naturalist

A bird never before seen in eastern Canada, was sighted a few days ago by two members of the Victoria Naturalists' Club.

One Yaki one of the members, told "The Post" of seeing and cataloguing a Western Meadowlark while on a birding trip to the west and a nature tour in the Cambray area with another member.

Mr. Yaki said members of the Royal Ontario Museum are planning to study the bird, and make recordings.

It is thought it might possibly be a hybrid of the east and west birds, as recordings for the Arctic in the spring.

It is believed that this bird might have been injured during the spring north migration and was forced to stay.

The Western lark although similar to our Baird's lark coloring, has a different song, and is confined to the western provinces.

One woman did within a few minutes, while the other recovered only after a long period of hospitalization and treatment.

The Ontario State League warns that cleaners, vinegar or other acids should never be mixed with bleach. Store them in separate places, and keep both away from food and medical supplies.

SUMMER DRIVING'S SPECIAL PROBLEMS

Summer driving, on vacation or everyday routine, can be enjoyable, claims the Canadian Highway Safety Council. Promoting its vacation-time campaign called *Slow Down and Live*, the Council offers these ideas for happier summer motoring:

Take calm. Take it easy. Let the hectic drivers go on their feverish ways. You'll arrive a few carlengths behind them, cool and at ease while their temperatures are high and nerves fraying.

On a trip, try different routes, main highways one way, secondary roads returning. Take time to explore the side roads, etc. Some interesting things can be found off the beaten path.

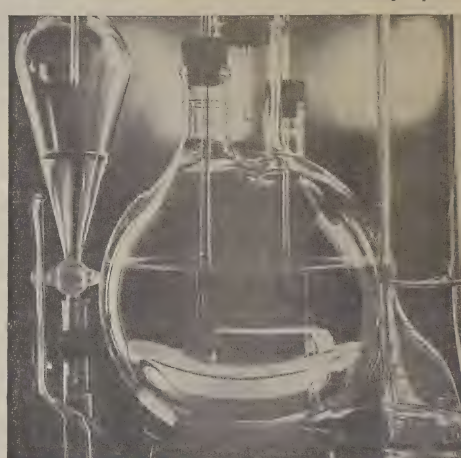

Don't be afraid of expressway highways. They may appear frantic traffic lanes at first, but relax. Wait your chance to enter, match the speed of the other cars as soon as you can. If you want to drive more slowly, stay in the right hand lane. Always signal first when you change lanes. Plan ahead. Getting off an expressway is like getting out of a revolving door except that if you miss your exit you may have to drive 30 miles to the next one.

Take care of yourself. Your life and the lives of your passengers are in your hands. Stop often, at least every two hours or 100 miles. Rest well. Have a coffee, tea, or milk. Night is man's natural time to sleep, so drive in daylight, stop early, sleep plenty.

Take care of your car. No vehicle can care for itself. It's up to you to check lights, tires, horn, glass wipers, battery, steering regularly. Get to know your car and you'll sense anything wrong in the motor or equipment. Have it fixed NOW or it will fix you!

90% of all oil company product research in Canada

is done by Imperial

The fuels your car will use in the future are being designed today. In the laboratories are working to ensure that tomorrow's fuels are better than today's. In the test tanks are being run to make sure that tomorrow's fuels will be better than today's. In the test tanks are being run to make sure that tomorrow's fuels will be better than today's.

At Imperial Oil's laboratories at Sarnia, Ontario, more than 200 scientists and technicians are working to improve present petroleum products and develop new ones. Their research covers many fields, from gasoline to household detergents. Another 130

scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial has more research than all other oil companies in Canada combined.

MARTINI BEFORE DINNER... By Peter J. Steinhorn, M.D., F.A.C.P.

Dear Dr. Steinhorn: For many years I have had poor appetite. My family doctor (whom I have had for 30 years) said I should forget about it and that I would eat when I was hungry. However, I never feel hungry enough to eat a past midday age. In my own words, my doctor suggested that I undergo an operation. He also said that I should not partake of a drop of liquor.

Since my family doctor is not available, I have called upon another doctor for a check-up. He said that I did not need any operations on my prostate gland and that I should "go ahead and drink" because it improves my eating. I would like very much to have your opinion on these matters. Mr. S.

SMOKING PROBLEM
Dear Dr. Steinhorn: I have been a very heavy smoker for years. Just recently my doctor told me that if I want to prolong my life I would have to stop smoking. Is there anything one can do or take to help stop the craving for long before this?

UCW general meeting

Little Britain (PNS) — The Are We Teaching Our Young People? which was very though provoking. The tape recording was on what could happen in the next 50 years and raised the question: Are we giving our young people a fine young Christian training to withstand any oppressors that might come?

The president, Mrs. M. Cornell, presided and opened the meeting with a hymn and prayer. As the secretary was absent there was no roll call or minutes. The Treasurer Mrs. L. McFarquar gave a clear financial picture by use of a black board showing a bank balance of \$259.01. The Manic Committee Chairman, Mrs. E. Taylor, gave a report of a meeting held the previous afternoon. The dining-room and one bedroom being in need of re-decorating, and a suggestion given that a future date a larger refrigerator be purchased. It was agreed by those present and that the paragon committee use their judgement and proceed with the work suggested. The Shop and Social Assistance chairman Mrs. M. Omerod presented a detailed report. A total valued at \$122.69 has been sent at only \$1.02 for freight charges. Mrs. E. Taylor reported for the Runnagale Sale Committee, the sale will be held in the Canadian Legion Hall, Lindsay. All members were urged to start saving their runnagale, and the committee were given permission to do the necessary advertising.

After much discussion it was decided by motion of Mrs. M. Griggs and Mrs. W. Armistead that the treasurer remit \$263.00 to the President and the Treasurer, thus completing the first half of allocation. It was moved by Mrs. R. Casey and Mrs. M. Avery that U.C.W. continue to lend necessary articles such as old tables, dishes etc. to WI but that towels and tablecloths not be loaned. Included in this motion also that a committee of one from each group be appointed to be responsible for this and also the purchasing of cleaning supplies as requested by the caretaker. Carried.

The painting of the basement floor was discussed and the President is to consult the Board of Stewards and Trustee Board concerning this with the idea of agreeing to help in any way they could if the work is undertaken.

It was decided that the UCW have Christmas Trees with the committees to be appointed later. Mrs. Armistead was asked to add a speaker to the special thank-offering service which will be the next general meeting.

Mrs. Armistead gave a talk on a tape recording on "What 10. Take Time.

THREE TREATED FOR INJURIES

Three persons were treated for minor injuries at the Ross Memorial Hospital, and relieved of damages estimated at about \$800 were the results of a two-car accident early Monday morning on highway 35 near Mackay's Corners.

Police say that a car driven by Dennis O'Connor of Hamilton was approaching east on number 35 when it collided with another driven by Edwin Robinson of R.R.1 Lindsay.

Three passengers in the O'Connor car were slightly injured, the driver escaping injury.

Mr. Robinson, a passenger in her husband's car, told "The Post" they had been coming into town to their store to pick up some goods and had stopped at the stop sign near the highway when they saw the other car approaching.

"He wasn't coming fast," she said, "but he seemed confused by the turn. We knew he was going to hit us, but could not get out of the way soon enough."

"Luckily we weren't hurt," she said, "and we are now a member of the Rotary Club which in Lindsay."

COOKOUT TIME

Summer is here, and with it, backyard cookouts. Here's a handy-to-fix menu that will have family and guests coming by for thirds.

Chicken Flinger

Chicken takes on a special flavor when broiled over an open fire. Try it with this zesty barbecue sauce. In a saucepan, combine one 14-ounce can of tomatoes, one 10-ounce can of condensed condensed tomatoes, one 1/2 cup of vinegar, 1/4 cup of ketchup, 1/4 cup of Worcestershire sauce, 1/4 cup of brown sugar, 1/4 cup of mustard, 1/4 cup of onion, one-half cup undiluted condensed tomatoes, one-fourth cup of white vinegar, two tablespoons soy sauce, one tablespoon brown sugar, one-half teaspoon garlic powder, one-half teaspoon salt and one cup of vegetable oil. Heat mixture over medium heat for two and one-half cups of sauce over chicken or beef.

How Can I ???

By Anne Ashley

Q. How can I make a good King-sized coffee for my family?

A. Add a splash of milk. Make a lip for the cigarette and clip by snipping two-inch slits down the top and bending the cut ends together. Double over the sharp edges. Water or sand in the bottom of the tin will extinguish smoke and also weight down your tray.

Outdoor Salad

An outdoor salad that stays crisp all day. Combine one cup of cooked, drained red kidney beans with one cup of cooked bamboo shoots. Marinate overnight in French dressing to taste in the refrigerator. The next day, add one cup of cooked bamboo shoots or water chestnuts, drained. Also, one-quarter cup each of drained chopped pimientos, olives, celery and green onions. Mayonnaise thinned to taste with soy sauce can be taken separately or mixed, and added later.

Easy

White cheese cream bread to serve six is easy with a 16-ounce package of easy cream bread mix. Put one unbroken egg, one half cup of milk and one-quarter ounce package of crumbled blue cheese in a bag of milk. Close top of bag and mix by squeezing vigorously with fingers. Squeeze bag of batter into the pre-baked dough over for 20 minutes. Reheat bread in foil over low fire.

CHECK GARDEN PLANTS FOR APHID COLONY

One of the commonest garden pests is the aphid, and unfortunately for the gardener it attacks just about every garden plant you can think of. As if this wasn't bad enough, you can find it badly feasting from early spring right through to the fall.

Aphids or plant lice are small, soft-bodied, sucking insects. Green is their most common color but some are red or black. One of the reasons they can become so numerous in your garden is that unlike most insects, the aphids produce live young in the summer.

Where are they commonly found? Check under plant shoots, the base of flower buds, or any part of the plants that shows rapid growth.

Young roosters are often victims

Young roosters that are attacked by aphids usually suffer from retarded growth. Affected become inactive and yellow in color.

To keep aphids under control

In your garden, horticulturists with the Ontario Department of Agriculture say that you can use one of the following insecticides: 250 grains malathion wettable powder, one tablespoon per gallon of water; 1 1/2 teaspoons per gallon of water; 40% nicotine sulphate, one teaspoon plus 1/2 level tablespoon of soap per gallon of water.

If you prefer a dust, try 4% malathion or 5% nicotine dust

Sandra Hargrave

feted prior to marriage

Glenora (P.N.S.) Miss Mrs. Brown and daughter, Miss Lindsay Brown entertained at a miscellaneous shower in honor of Sandra Hargrave a bride of the near future.

The home was decorated with summer flowers as Sandra entered to be surprised by such a number of ladies and was escorted by Mr. Brown and a chair decorated in pink and white under an arch of streamers and bells while Lindsay Brown pronounced a message on the bride-elect and Mrs. Brown as Sandra's mother. Mrs. Clifford Norland, Mrs. and Valentine

of Norland.

She was assisted in opening the many useful gifts by Joanne Nesbitt and Joan Webster while Lindsay Brown fashioned a very becoming hat out of the various ribbon bows which was later modeled by Sandra.

After the gifts had been passed from room to room among the ladies Sandra expressed her grateful thanks to all and to Mrs. Brown, and those who investigated the show or those who appreciated so much and was later showered with confetti.

Various games and contests were enjoyed while lunch was being prepared and at the lunch hour partners were found by finding the other part of a picture for ones partner while a happy social hour was spent in the gracious atmosphere of the Brown home.

SPREAD UP

The French Government is going to speed up payment of long-term loans given her by the United States and Canada. The decision is said to have come from a meeting of the French Cabinet this morning. Information Minister Alain Peyrefitte told newsmen that the decision was taken in order to help safeguard the stability of both the Canadian and U.S. dollars. President De Gaulle presided over the meeting.

MASS DEMONSTRATION

Saskatchewan residents are descending on the provincial capital of Regina today for a mass demonstration against the provincial government's controversial Medicare Plan. An estimated 30-thousand persons are expected from various corners of the province and some communities are declaring this a civic holiday so that residents can take part in the rally. The doctor strike against the plan is now in its 11th day. Premier Woodrow Lloyd said yesterday that the demonstration before the legislature buildings will have no effect on the government's stand with the doctors. Yesterday three supporters of the doctors sought a court injunction to halt the Medicare plan. The appeal was postponed for a week on the grounds that the Medicare situation may be somewhat different by then.

PRESSURE

The International Brotherhood of Teamsters is expected to bring pressure upon locals in Windsor and Chatham, Ontario as other locals throughout the province return today to work. The truckers in all locals but these two agreed last week to settlement to end the province's six-week trucking strike. Last week truckers in Montreal also voted approval to an agreement with trucking firms... ending a three-month walk-out.

CAMPAIGNING

Corvallis, Ontario, tonight will see a rally of Social Credit members... including National Leader Robert Thomson and Deputy-Leader Real Casotte. They are campaigning in the deferred election in the Federal Riding of Stormont. The new Democratic Leader T. C. Douglas was in the riding Monday and Liberal Leader Pearson is due tomorrow. Prime Minister Diefenbaker will visit the riding on Friday.

EXPECTED TO ARRIVE

Extremist Vice Premier Mohammed Ben Bella is expected to arrive in Western Algeria, today from Morocco. It will be the first time Ben Bella has been in the country since 1962 when he fled to stay in the Algerian Revolution. On the eve of his arrival, Premier Ben Khedda and United Arab Republic President Nasser exchanged letters, but no information was available as to what was in either letter.

GOING AHEAD

U.S. Atomic Energy Commission officials are going ahead with plans to detonate an underground nuclear blast at Nevada test site today, but have postponed a companion atmospheric test because of weather.

Getting ready for holidays, daughter hurt, car damaged

Wendy Brooks, daughter of Lindsay, was admitted to Ross Memorial Hospital on Tuesday suffering from slight concussion and lacerations to the face following a fall from a bicycle near her home.

Mrs. Brooks told "The Post" her daughter said she had changed bikes with a friend and had fallen off.

"She seemed alright when she first came in," she said, "but after a while began to get sleepy. The side of her face was scratched and bruised, so we took her to the hospital for X-ray and they found bruises on her head and told us there was a 'slight concussion'."

They were just getting ready for their holidays, she added, and last week her husband's car was damaged by a hit-and-run driver.

"It seems as if we are not supposed to go away," she said.

Struck on head by flying ball

Mrs. Francis Fichtit, 55, of 56 Glenelg St., Lindsay, was treated for head injuries at the Ross Memorial Hospital today, and released.

Mrs. Fichtit, an ardent baseball fan, had been attending the games last night at Victoria Park, when a stray baseball caught her on the head.

Plans made for tea

at W.A. WMS meeting

Cresswell (PNS) — The joint meeting of Cresswell W.A. and WMS, was held in the Church. The President, Mrs. R. Wood, opened the meeting with a hymn and a few thoughts on the theme of the day "Glad and Cheerful Hearts". The Scriptures were taken from several sections of the Bible, all on the same theme, and parts were given by Mrs. Brown, Mrs. Moody, Mrs. Sonberger, Mrs. Acton, Mrs. Murray and Mrs. Wood. In that order, Readings were given by Mrs. Wood and Mrs. Moody on "Cheerfulness" and the "Promises of God". They all tended to remind us that we should be at all times cheerful and look on the bright side of things. Mrs. Wood then led in prayer followed by a hymn. Collections were received for both W.A. and WMS, and dedicated.

The minutes of June meeting, which was held at the home of Mrs. Gladwin Davey, were read and approved. Correspondence was read and Bill Call answered. The Treasurer of the W.A. reported a very good showing for the first six months of the year. Plans were discussed for a Raspberry Tea to be held in

Piano recital

Sunderland (PNS) — A very pleasant and memorable evening was spent at Wick Presbyterian Church by a very large crowd when the pupils of Mrs. Ann Wallace A.T.C.M. R.M.T. presented their piano recital. The younger children played off their selections with great ease, fine expression and lively hand position.

As the programme progressed it was gratifying to see each pupil had progressed during the year.

The senior pupils are to be congratulated for the very fine playing of their selections.

Lisa Paux and Larry Johnson who have acquired Grade VIII rendered their numbers beautifully. Lois played "The Rising Sun" with great feeling and Larry's rendition of "Sonata in C" was very inspiring.

The final number was "Sonata Op. 14, No. 2" played by Elizabeth Couves, who has been very delighted her audience with her beautiful interpretation.

A delightful little guest was Miss Beaton, six year old granddaughter of Mr. and Mrs. Wallace who played her piece so nicely.

"Pretty Polly Oliver" accompanied by Mrs. Wallace was much appreciated by all. Marion and Shirley Taylor presented from their puppets with gratitude for her guidance, patience and help.

Those who attended thank Mrs. Wallace for a very pleasant evening and the parents especially wish to thank Mrs. Wallace for the contribution she is making toward the musical life of the children and in the community.

Trousseau Tea at Haliburton

Haliburton (PNS) — A special event in the village was a troussseau tea at the home of Mrs. Harold Black in honor of her daughter Marlene Black. The house was tastefully decorated with flowers, about 70 guests were present during the afternoon and evening. The many lovely gifts were on display as well as the bride's trousseau.

The bride-to-be had several showers and several gifts were sent from out-of-town friends: guests in a pale green lace dress with pink corsage.

The tea table was arranged with tall pink candles and a large cluster of pink roses. Several ladies poured tea during the afternoon and evening and others served the guests.

Friends from Eagle Lake, Minden, Orillia, Toronto were present.

80 attend presentation

About 80 friends and neighbours of Mr. and Mrs. Ray Brooks gathered at the home of Mrs. Gordon Kellie, on the occasion of their departure. After a couple of hours dancing, Mrs. E. Wraith led the address.

BEGINS TODAY

The British Open Golf Tournament begins at Troon T.S. players who made the cut-off limit after yesterday's final qualifying round were, favored Arnold Palmer, Gene Sarazen, Jack Nicklaus, Phil Rodgers, and Sam Snead. Other Americans in the field are Don Eag, the Third of Indiana, Jack Isaac of Langley Field, Virginia, and Paul Runyan of Ojai, California. Rodgers had the lowest score of the American qualifiers with 142. Snead and Palmer had 143, Litter, a 147, and Nicklaus a 140. A field of 119 will tie off today.

WINS FIRST ROUND

Favored Clifford Ann Creed won her first round match yesterday in the Women's Western Amateur Golf Championship at South Bend, Indiana. Miss Creed of Alexandria, Louisiana, defeated Ruth White Miller of Waterloo, California, five and four. In a major upset, Miss Julie Hall of Anderson, Indiana, ousted Phyllis Preuss of Boca Raton, Florida. Both Miss Preuss and Miss Creed are Curtis coppers.

MEALIST HONORS

George Archer of San Francisco took medalist honors yesterday in the Amateur Public Links Golf Championship. He leads a field of 64 in match play today at the town of Tonawand, New York. Archer posted a 145 total and was followed closely by Lulu Babcock of Warren, Ohio.

FIRST GAME VICTORY

The National League won the first game victory in this year's All-Star Baseball series. The National beat the American League 3-1 in yesterday's classic at Washington. Veteran Sam Musial and the Los Angeles Dodgers' Maury Wills provided the thrills for the Nationals. A pinch play by Musial started a two-run rally for the winners in the sixth inning, while Wills' brilliant base running accounted for two National League runs. Wills made the key defensive play in the sixth when he robbed Roger Maris of a three-run homer with a beautiful deep center field catch. Only one game is slated in the Majors today. Houston at Philadelphia for a night game.

TWO-TIME WINNER

The first two-time winner of the Indianapolis 500 mile race-Tommy Milton-won dead in his home at Mount Clemens, Michigan, yesterday. The 68-year-old Milton, had been shot twice in the chest with a 22-caliber pistol and authorities speculate the wounds were self-inflicted. Once hailed as the "greatest race driver of all time," Milton had been in failing health for a long time. He won the 500 in 1921 and 1923.

SECOND BIGGEST

"Go-Go" and "Mystic Warrior" combined yesterday to provide the second biggest daily double payoff in California turf history. Their victories were good for \$144,000 in \$14 dollars and 80 cents payoff at Hollywood Park.

Lumberjacks edge third place by downing Walt's 9-2

Bagshaw Lumberjacks moved within a game of the third place, Walt's De-Nuts 9-2 at Victoria Park. Rev. Howard picked up the win in the four innings he pitched and Rich Groselle went on to five shut-out hits the remaining five innings allowing only two hits. Howard gave up seven hits in the four frames he pitched, three in their two first inning. George Daynes started for Walt's and was charged with four runs when he retired in favor of George Babcock after walking the first batter in the fifth. Babcock retired the next three batters in the fifth, but a single and a two-run homer in the sixth brought Bill to the tying line. Lyle suffered the same fate in the seventh, but got the side out without scoring in the eighth. Bill Henson hit the two-run clutch for the Lumberjacks, but Den Anderson was too Satter of the night with three singles in four tries. Glen Rhodes then

came through with a two-run double before Horton fanned. Lyle walked to Groselle moved the Kings two up after an overthrow at second and an error. A double play on Hennessey's long right hit put the rally. Glen Rhodes single and Bill Horton's homer added two in the sixth while Corrie's single and Hennessey's homer followed by a walk to Glen Rhodes and Anderson's single added three in the seventh.

Groselle was more or less backed out of trouble in the seventh when three miscues at third loaded the bases with one out. George Babcock however popped up in front of the plate. Groselle made a diving catch for two outs. The runners however advanced and a throw to third ended the threat. Actually a relay to second would have made it a triple play had the extra out been necessary.

Feelings on dollar as first season

NOTICED...along the way

There are mixed feelings as to the effect of the devaluation of the Canadian dollar on the tourist trade in this area of the season in this area.

"The devalued dollar to the effect of the devaluation of the Canadian dollar on the tourist trade in this area of the season in this area."

"This opinion was expressed by Paul Kote, Assistant Manager of Zeller's Ltd., Lindsay store. He said that there was a premium over an 8% premium on every American dollar. "We are pleased and the Americans are happy."

"Last week when I visited about 100 American businessmen the Americans discounted my Canadian money at the rate of three cents off every quarter and the off every dollar," he further related.

William Wagg, proprietor of Beall Jewellers, says his store is allowing an 8% premium on American currency although the exchange rate has fluctuated to a seven and five-eighths level.

"If the devalued dollar is bringing more American trade to Canada, American shoppers are getting a better bargain on goods with the imposing of tariffs on many imported U.S. goods."

It would seem to be a vicious circle when one gets into the American currency. Ron Knapp, Manager of the A & P store, stated his store is allowing a 10% premium for every American dollar.

From the office of Clarence Duggan, Lindsay's Deputy Mayor, it was learned that the per annum of 7% is now being paid for American goods. Previously it had been paid on each American dollar.

Without much fanfare
Without much fanfare, the Lindsay baseball team is holding its try-on in the Independence Hotel.

The team won its last game against Sunderland last week. Lindsay is now in the first place class for the next game on Wednesday.

Fans who had patronized the last home game were surprised and pleased to see that American seats have been repaired and that the stadium fence is also being repaired. The grounds are in very good shape.

Makes donation after departure

Before leaving for the Kinmen Band for the Calgary Stampede, Mrs. J. C. Holton made a nice contribution to the Lindsay Town Treasury.

Her donation was made long in front of "Marked Time" in the Lindsay Town Treasury.

Warden beats a mean drum

Victoria County Warden Alvin beats a mean drum on occasion. He is now drumming for the Orange celebration at Lindsay when he played the bass drum for Hartley Lodge from his native Eden Township.

The relocation of the Lindsay lock-up in the new police quarters (now part of the former rest rooms) is considered the most vital and necessary of the current town hall renovations. It will have sanitary facilities.

Former lock-up in the cage-like confinement at the rear of the police headquarters did not supply facilities for sanitation or sickness of prisoners. This was a sorry sight, both Police Chairman Robert Payne and Police Chief John Hunter observed, in discussing the matter with "The Post" today.

Plans are under way for a complete renovation of the room and it is hoped by town officials that the new changes will eliminate the problem.

Magistrate's Court is being held until further notice at the County court house while alterations are being carried out at the town hall.

There is every promise Lindsay's town hall will be a landmark of increased civic pride within a few short weeks.

Finance Chairman Russell Taylor, acting Property Chairman, is guiding the extensive renovation inside and out of the historic building in the heart of Lindsay.

Expresses his enthusiastic approval of the necessary changes now underway by L. Traubman and Co. Ltd., Lindsay contractors.

Under the Braunton contract the major portion of the large town rest rooms is being renovated by the Lindsay Police Department.

The reversal of the town hall's location to be smaller scale to the north end of the town location. This, Mr. Taylor notes, will go away with the lotteries department which had become a shade plant, the interior of the rest rooms is now giving promise of the fresh appearance which the whole building will assume when given such a new coating of bona fide facilities will not peel off the crack.

The hall's main entrance have a canopy replacing the building's structure. The original location of the first group of rest rooms, which saw moorings of decayed lumber ends, a musing place, post office.

Court changes its location temporarily

Magistrate's Court is being held until further notice at the County court house while alterations are being carried out at the town hall.

There is every promise Lindsay's town hall will be a landmark of increased civic pride within a few short weeks.

Finance Chairman Russell Taylor, acting Property Chairman, is guiding the extensive renovation inside and out of the historic building in the heart of Lindsay.

Expresses his enthusiastic approval of the necessary changes now underway by L. Traubman and Co. Ltd., Lindsay contractors.

Daytona bowlers bowling here

Something different in bowling tournaments will be held in Lindsay tomorrow - Tuesday.

The Sunshine Friendly Tournaments will be held in Lindsay tomorrow - Tuesday.

Arranged by veteran bowler Percy Skitch, the tournament will bring together about 32 members of the Sunshine Lawn Bowling Club of Daytona, Fla. This club is made up of members who travel throughout Ontario who win at the beach.

They will be in town for two years at Burlington, it was decided to bring it to Lindsay this summer. It is an afternoon and evening event.

Street puzzle is solved

The puzzle streets of the annexed area of north-east Lindsay has presented, was solved by Town Clerk B. Bates this morning.

Contrary to current opinion, there still exists in that portion of the town annexed from Oswestown north of the former boundary of Neudham St. both a Derrmot St. and a Beverly St.

It was thought by some residents that Derrmot St. (now Derrmot) by petition of residents, was changed on notion of council to Beverly St. But this is not so, the clerk explains - Derrmot St., running eastward from St. Patrick St. to St. David and St. George, is still Derrmot St.

Beverly St. is the name given to a right of way, 150 feet south of Derrmot St., extending from St. David St. to St. George and the Beaverton Road.

Assistant Postmaster Guy Mills advised "The Post" that a group letter box at the corner of Neudham and St. David street will provide 17 area homes with rural mail services.

Residents of Neudham, David, Beverly and Derrmot streets will be served. The formerly these residents in mail in the former delivery of the post office.

GOOD NURSES ARE BORN—NOT MADE

Good nurses? Bless their hearts, they are in fact the angels of mercy you need about. Most of you who have been sick in a hospital will agree with me. And the few exceptions stand out like the proverbial sore thumb.

For example, consider this little episode which went on just a few hours ago at a hospital where I was visiting as a friend. The family—not a professional caregiver. The patient had sustained a bad fracture of the leg a few days ago and the nurses were still swollen and so painful that he was getting a pain-killer by hypodermic every few hours.

When I came in, he told me that he had just begun to feel comfortable for the first time. There were ice bags on the leg, the position was just right, and he said it was a wonderful feeling to be better for all change.

I think I'll call him back tomorrow night. I have a feeling he had been convinced her that all hospital of the bed and said it was time to change bedsheets.

I hope that doctor or nurse friend said he'd rather she who read these occasional dis-

tribes won't thing that I am against them. It's just that I am for patients. I am sure that all professional people will agree that there is always room for improvement. If so, constructive criticism should be taken in the spirit in which it is offered. As a doctor I would be the last to offer destructive criticism. I think too much of my profession of medicine and of the invaluable assistance of the nursing profession, to downgrade two of the finest callings to their fellow man.

No, I'm not waving the American flag. Just telling the truth. But that doesn't keep me from standing up for the sick when they need a helping hand against the exceptions who practice poor medicine or inefficient nursing.

Dear Dr. Steiner: My 14-year old daughter has been getting broken veins and blue spots in her skin. She has also had bleeding gums at times. Shall I give vitamins?—Mrs. E.

Comment: Before you give her vitamins blindly, I think you should have your doctor check her clotting and bleeding time, on the blue platelets, and take whatever other tests he thinks are necessary. (Replied by The Syd Syndicate Inc.)

Let's face it, Joe—we're typical white-collar workers are caught between rising prices and our wives."

THE BODY CAN TAKE IT

Recently, I received a call from a former patient staying in Salt Lake City, who asked excitedly, "Did you know that you are quoted in Ian Fleming's new mystery book, 'Gilt-Edged Bonds'?" I'm sending you a copy. Then to page 32 of his liver, much of his life, much of his 23 feet of his intestines and half of his brain." I paused. When the silence continued at the other end, he said, "Any comments?"

"No, who's he?" "American doctor. Written a book my Washington people sent over for my library. This man talks about how much punishment the human body can put up with. Gives a list of the bits of the body an average man can do without. Matter of fact, I copied it out for future reference. Care to hear the list?"

"I dug into his coat pocket and put some letters and a scrap of paper on the desk in front of him. With his left hand he selected a piece of his paper and unfolded it. His

back to the silence. "The other end of the line," "Hello, Sir. James? Well, here they are. Call bladder, spleen, tonsils, appendix, one of his two kidneys, one of his two lungs, two of his four or five quarts of blood, two-fifths of his liver, much of his life, much of his 23 feet of his intestines and half of his brain." Cannington

Mia Mary McCart is visiting Rev. and Mrs. Allan Barnes at Earl Grey, Saskatchewan.

The Cannington Lions Club entertained their ladies and friends at a dinner at the Surf Room, Beaver.

Rev. R. J. McCartan here to visit relatives in New Hamburg and New Liskeard and will make his home in the future at St. Catharines.

Prior to his leaving Cannington, Mr. McCartan was presented with a purse of money by Mr. E. C. Drinkwater on behalf of the United Church congregation. Mrs. Alex Forbes and W. Viney on behalf of the Bible Society then presented him with the membership in the Society.

Perhaps it will give them courage to face their troubles. Comment: Courage is where you find it. It doesn't have to be in the air, on-or-underneath, or in or battle on land. Un- and being under can find it. (Released by the Bell Syndicate Inc.)

"I'm sending you a copy. Then to page 32 of his liver, much of his life, much of his 23 feet of his intestines and half of his brain." I paused. When the silence continued at the other end, he said, "Any comments?"

Fenelon defeats Valentin 8-3

Valentin (PNS) — A Victoria home run, in the last half of the inning Bill Mark crossed home plate to count one more run for his team, and Fenelon was called owing to darkness by Mr. Henry Lindsay and the game was over.

In the first half of the first inning Fenelon was up to bat and were held on the base line with Valentin held down in their half of the inning. In the second inning both teams were hitting good but Fenelon failed to rally.

There were no runs counted for the home during the fourth inning, and once again the fifth inning the visitors counted three runs when Griffin, Martin, Manning made the count seven runs.

In the sixth inning the home team made a couple of runs when Bar, Starr, Stewart, Griffin crossed home plate to make the count 7 to 2 in favour of the visitors.

The first half of the eighth inning Fenelon counted again when Robinson made a run. Damage was estimated at about \$250.

THE PEOPLE WRITE

By way of explanation

Letter to Editor.

Dear Sir:

We may place here space in your editorial columns to explain to the many patrons of the theatre in Lindsay who were forced to cancel the Summer Theatre '62 presentation.

This was a matter entirely beyond our control. The players and their management apparently had some disagreement and they failed to appear at Cobourg last Wednesday.

There had already been a week's delay which had again been a matter forced on us by the producers of the play.

At Cobourg, the sponsors, the Y's Mench Club had to turn away 400 patrons, and they felt it best to cancel the whole series rather than have its occurrence during the season.

Peterboro then followed suit they were to have shown it

Dr. William N. Earle

Dr. William Nelson Earle, of Omemee, passed away on July 4, 1962, in Civic Hospital, Peterboro, after a lengthy illness.

He succeeded his late father Dr. George Nelson Earle in the practice in the village and the surrounding area and had practised for 35 years.

He is survived by his wife, the former Miss Ruth Scott of Barrie who acted as his secretary and nurse and two daughters, Adrienne and Stephanie Ruth. Also his mother, Mrs. Jane Earle of Omemee, A sister, Mrs. Wenden McDevlin, Dore of Cobourg and an uncle, Dr. Earle of Omemee.

During his long illness Dr. Stuart Speller, Bethany had been acting medical officer of health and Dr. Curry, Peterboro, had been supplying medical service two days a week.

His body rested at the late residence on Surgeon Street, Peterboro, until July 6th, at noon.

Hundreds of local folk paid their respects to one who had been so well known and respected.

Think action may have saved his own life

Action on the part of a local boy might have been partly responsible for saving his own life. It was learned today.

Mr. and Mrs. G. McCombe, of Peterborough, N.S., told "The Post" of receiving news from their son Roger, that while stationed at Buxton, north of Sudbury, a few weeks ago where he is acting as assistant minister, he lost suddenly.

There was no doctor available, so he decided to go to Cheltenham some 70 miles north by train for medical attention.

On arriving he secured immediate attention resulting in admittance to the Lady Minto hospital for an emergency appendicitis operation.

It was noted by the hospital staff that Roger McCombe had been danger had it not been attended to immediately.

While in hospital, Mrs. Carl Sootherman, sister to Lindsay businessman Arthur Carlew, heard of the danger and went to visit.

Mrs. Sootherman is living in Cheltenham with her husband, a jeweller there.

The whole thing is out in the open now... Dominion Street Ltd. of Toronto, is to be prepared to build a new corner of Victoria Ave. N. and Peel.

At Eric Rankine & Co. Ltd., Toronto, said this morning, Dominion Street Ltd. is now ready to proceed immediately with development of a site which has been under consideration for about a year. Mr. Rankine told "The Post" he was quite sure no one would be disputing the site under consideration.

The consulting engineering firm's spokesman said speed was of the essence and that a start should be made by September.

purchase finalized

The purchase of the Lindsay airport site has been finalized. A letter from Town Solicitor J.D. Staples read at the Tuesday meeting of council confirmed this fact.

The 176-acre site situated about two miles north west of Lindsay's downtown was purchased from Allan Long, R.R. No. 1, Lindsay, at a price of \$11,000.

A further amount of \$4,000 was authorized by council for the development of the site which has been approved by

Lindsay graduate hall gold medalist

Miss Theima M.E. Mathewson, daughter of Mrs. A.E. Perrin, 14 Melbourne St. W., Lindsay, was awarded the gold medal for highest standing in the final year of her nursing training course at Brockville when she class graduated at Brockville Ontario Hospital. Miss Mathewson attended Inlay Public School, Lindsay Collegiate Institute and Kenner Collegiate, Peterborough. Parents and friends to the number of 200 filled the assembly hall for the new nurse and five other graduates, carrying bouquets of red roses, receiving their diplomas and pins.

SEIZES POWER
A military group has seized power over the Peruvian Government in a bloodless coup and deposed President Manuel Prado. The National radio which is controlled by the military and the group of military leaders will be sworn in today as the nation's new governing body. The radio said the process is calm. The broadcast gave as the reason for Prado's overthrow "A fraud in the electoral process" in the Peruvian Presidential election June 10th. Early today, army tanks and armored cars moved in and surrounded the presidential palace in Lima, and Prado was reported to have been taken away from the palace under guard. There has been no word as to where Prado was taken, but one report said he had been "taken into custody".

REJECTS PLEA
Britain's highest court has rejected a plea by convicted Soviet spy Dr. Robert Soblen that he be freed in England or one other country to dole a life sentence in the United States. Soblen's attorneys say they will appeal and the court gave them 15 days to file such action. The court did not know whether Soblen would be sent back to the U.S. Soblen jumped last month in New York City when he was due to start a life sentence and was found a few days later in Tel Aviv, Israel. He was promptly deported.

MEET WITH GOVERNMENT
Saskatchewan's striking doctors meet the Saskatchewan Government of the province this afternoon. The occasion is the government's party convention at Saskatoon. The meeting marks the first time the two sides have met face to face since the doctors refused to practice July 1st because of the government's new medicare plan.

PREPARE FOR RECONCILIATION
Although both sides in the doctor's strike appear prepared for reconciliation, Dr. Brian's Lord Taylor is the province to study the medicare situation and report to Premier Woodrow Lloyd. And Lloyd last night announced that he would be prepared to meet with the one-man Royal Commission which will study charges that the Saskatchewan doctors are harassing doctors attempting to work under the medicare plan.

THREE COUNTS
Police in Toronto are holding 20-year-old Norman Swanson on three counts of shooting after three women were wounded within half an hour of each other yesterday. The women, walking along streets in West-Central Toronto, were unaware they were being shot at until hit. Their ages were 22, 70 and 30.

PICTURE IMPROVES
The Bureau of Statistics has reported that Canada's unemployment picture improved in June. There was a decrease of 35-thousand from the figures for May. On June 23rd four-point-five per cent of Canada's labor force was unemployed, compared with five-point-one a year earlier. Total unemployment amounted to 301-thousand persons out of a work force of 5,640-thousand.

MAKES WAYS
Rescue parties are making their way to mountainous country in Central South Viet Nam where the wreckage of a U.S. Air Force transport plane missing since Sunday has been spotted. There has been no indications as to whether any aboard, including four Americans, survived. The scene of the crash is a Communist-ruled area about 115 miles north of Saigon from where the transport took off.

Former Oakwood girl enjoys delightful West Coast trip

A former Oakwood girl and while in Calgary, they were joined by Mrs. Bradfield's ed from a delightful three-day trip to the West Coast. Mrs. Reginald Bradfield (nee accompanied them to the St. Elizabeth's Mark, now evening superior at Runnymede Hotel, just with a jet flight back to Toronto with many wonderful memories of an interesting association convention in Vancouver, where they attended the dinner and took her daughter Susan along for the trip. Flying by TCA to California, they enjoyed three wonderful days around Banff and Lake Louise, visiting each beautiful spot as Emerald Lake, Moraine Lake and the Columbia Ice Fields. They resumed their trip to the coast on the CPR "crack" Canadian, from which they viewed the breathtaking mountain scenery.

Following Mrs. Bradfield's week at the convention, she and her daughter travelled by boat to Victoria where they attended a garden tea given for the nurses attending the convention by the Lieutenant Governor and Mrs. Perkins. While in Vancouver Island City, they visited the famous Butchart Gardens, Malibu Tansu's Wax Museum and other places of interest. They then continued on to Seattle, Washington, where they attended the World's Fair and enjoyed such things as a ride on the much publicized monorail and a trip to the top of the space needle. Flying from Seattle to Calgary, they spent four days attending the Calgary Stampede.

IT COULD HAPPEN ON YOUR VACATION

Smart burglars make hay in vacation time. They choose homes that look vacant; pilfer at their leisure. When you leave on vacation keep a couple of small lamps burning; stop milk and paper deliveries. And, most important: make sure your possessions are protected with a blanket burglary insurance policy. It costs so little.

Anne Marie Graham feted prior to marriage

The spacious home of Mr. and Mrs. Leslie Graham was the scene of a very happy event, when a host of friends from Ottawa, Lindsay, Resbora, Toronto, Cambridge and Bay of Quinte gathered with the Brysons' community to honour their daughter, Anne Marie, prior to her marriage to Robert D. Wilson of Ottawa.

Anne Marie, taken by surprise was ushered into the fully decorated living room, where two little friends dressed as bride and groom, drew with a wagon load of presents. A brief address was read by Shirley Baile, and as the

bride-to-be received her gifts, she was assisted by young friends.

Numbering among the beautiful gifts of crystal, china, linen and electrical were, was a pair of step tables and the board, Mayor Holton, presented, the gift of the Cambray Community.

Anne Marie very ably expressed her thanks to all her friends for their kindness. While the refreshments were served, many of the guests renewed old friendships, and a very happy evening closed with wishing the bride-to-be every happiness.

Stovell family honored prior to departure

At a pleasant luncheon held and appreciation. Previous presentations included a gift to Mrs. Stovell from the Women's Association at a meeting at Mrs. S.R. Pitt's Pleasant Point cottage, a gift to Mrs. Stovell from the Junior choir at a party held in the Sunday School Hall and gifts to Mrs. Stovell and her daughter from the Senior Choir at a party held at the home of the church organist and choir director, Mr. Keith Morden and Mrs. Morden, Adelaide Street N.

Rev. P.C. Reed, pastor emeritus, gave thanks for the food. Very excellent speeches were made by Mr. Keith Morden as Master of Ceremonies and by Mr. Robert Puffer as chairman of the Board of Deacons. Mrs. Stovell and daughter Velda and Karen were presented with corsages and Mrs. Stovell also a sheaf of pink carnations. Mr. Puffer made the presentation to Mr. Stovell of a substantial sum of money on behalf of the congregation as a token of love and esteem.

The pastor and his wife both replied in terms of affection

WATER SERVICE ESTIMATE MEETS WITH OPPOSITION

The matter of installation of water service in the north-eastern section of Lindsay has met with a snag.

When the 16 property owners involved learned of the cost to them of the installation many were opposed. This cost of about 22 cents per foot frontage for 20 years was considered by some with large frontages as prohibitive.

Town Clerk Bates said he had notified the persons concerned and three in answer had been in opposition and two in favor of the installation at the 22 cents per foot figure as prohibitive.

A revised estimate of the services by Superintendent Reynolds had placed the total cost at \$18,590.70. This was a reduction of about \$3,000 on the first estimate, based on more S. George St. installation.

The total cost to the 16 property owners would be \$7,090 and to the corporation \$11,500.70, it was pointed out.

Letters from the property owners will be held in abeyance until next council meeting.

Councillor MacCaldor stated he had heard there was a second petition coming in from these property owners to stop the installation of water services.

WARNER SUBDIVISION GIVEN BOARD'S TENTATIVE OKAY

Tentative approval by a marginal three to two vote was given on the new proposed subdivision at a special planning board meeting Tuesday afternoon.

Attended by members of the board, Mayor Holton, Assessor Toftmire, City Engineer Newbigging, and Engineer Booth, it was soon in evidence that the plan was favored by two of the members.

Asked by Chairman Pfaff as to the possibility of the subdivision in relation to sewers, the engineer felt that there should be no problem in providing proper sewers in that area.

Concern was voiced over the immediate vacant property to the east of the subdivision, by two of those present, but the

majority felt there need not be too much concern over it at the present time.

Mayor Holton favored the plan and asked the members to vote.

Mr. DeGroat was not satisfied as he felt the plan was not "lollipop" and the surrounding area.

It is not the best of planning, I will admit," said the mayor, "but I think under the circumstances there should be a compromise."

Dr. Peter Gill also agreed with Mr. DeGroat and said he should be no problem in providing proper sewers in that area.

It was decided to okay the plan subject to the council's approval and two of the members were asked to check into some of those present, but the

New Star Spangled Banner presented to Kiwanians

A feature of the weekly last summer.

Kiwanis luncheon Tuesday was the presentation of a beautiful star-spangled banner to the Club by Past President Frank Baker of the Kiwanis Club of Windsor, Pa. U.S.A. In doing so the speaker mentioned the friendly relations existing between the Transfer Club and the Lindsay Club and the presentation of the flag, he stated, would bring closer friendship relations between the two clubs and two countries.

Kiwanis Baker was supported in the presentation by the Secretary and Past President of the U.S. Club, Kiwanian Les E. Reichard, who was also guest-speaker.

Past President A. Patterson accepted the flag and Past Governor Ivan Moore made the acceptance speech and in doing so referred to the visit of the Transfer Club to Lindsay

Past Pres. Reichard, who has been a summer guest at the Royal Lodge, Salisbury, for 18 years has maintained a perfect record of attendance in Windsor, Ontario.

He presented an unusual type of address as he told the history of the project. Samuel, King Solomon, King David and King Saul. As he told how the temple of King Solomon cost upwards of \$7 billion dollars to construct, how it lasted for over 400 years and then completely disappeared, the speaker asked his audience to visualize the cost of building such a structure today with its materials and furnishings.

He took seven years to complete. Members of the Kiwanis Club followed the story with interest, especially those who have so referred to the visit of the Transfer Club to Lindsay as the masonic order.

Problem for a decorator?

Pondering color scheme for junk yard fences

Lindsay's Council has run up against a decorating problem.

They proposed an amendment to the salvage yard by-law wherein the fence to enclose same was to be constructed of boards not less than four inches in width with spacing not greater than one inch; the painting to be all one color.

Councillor MacCaldor objected to the one color stipulation, but was assured it meant a uniform color for each yard.

Councillor Neil interjected some might wish post and boards to be different colors. Decision was to leave the details to the next meeting when Councillor MacCaldor would bring in his suggested amendment re the fence color. This would be included in that re the board construction.

There is the third year this reunion has been held at the home where the Shier family of eight children was raised. The eldest of this family, the late D.P. Shier of Lindsay, who passed way last August, was said to have been the only surviving member of the original family, Mrs. J.C. Murchison of Toronto, was present along with grand children, their wives, husbands and families.

Following an afternoon of games and sports and a sumptuous supper provided by those present, a short business meeting was held. Arthur Shier, who was elected President three years ago, chose to resign and Kenneth Shier was named President for the ensuing year with Marjorie DeWells as Vice President and Winifred French continuing as Secretary/Treasurer.

It was decided to hold an annual reunion next year and Arthur Shier again invited the family to his home.

Fire starts in pines, brigade saves the day

Minden Fire Chief Eldon Beaton and his men are credited with curbing what might have developed into an uncontrollable fire it was learned.

The fire, which destroyed part of a growth of pines, on Jack Jackson's property, started at about 2 p.m. Sunday, and only for the quick action of the Minden fire department, could have swept into a group of homes nearby, destroying thousands of dollars worth of property.

Most dog owners co-operating with bylaw, chief says

There are a number of dog owners who are disregarding the law in Lindsay and as a result, their dogs, running at large, are either picked up by the bylaw enforcement officers or are hurt. So stated Police Chief John Hunter in answer to a query as to what the dog situation is in town at the present time.

"On the whole most dog owners are co-operating well. I know for a fact there are no so many dogs running loose around my home at night. My garage ball is not as frequently as in the winter," the chief observed.

"There are still complaints received at the police office, but less frequently than during the last year, perhaps. The biggest offenders are those who let their dogs go for a little run early in the morning or late at night, thinking that no one can see them."

"There is also a bylaw against disturbance caused by barking dogs," the Chief further advised.

"In this regard it is necessary to telephone in the complaint at the time of the barking, and the police will immediately investigate. If a complaint is made later, it is necessary to have a charge laid against the dog owner and this the neighbor, as a rule, does not wish to do," Chief Hunter summed up.

42 take trip to Midland

Sunderland (P.N.S.) — The pupils of Wicks Public School along with their parents and teacher, Mrs. Reg. Johnson, making 42 in all took a bus trip to Midland to finish up the school year.

Their trip included a visit to Lindsay Village after which they dined at Long Lake Restaurant. From there they went by bus to Fort St. Marie and were conducted by the priests on a tour of the Shrine.

"It was a wonderful day for the outing and all reported having had a good time."

Minor mishaps

Lindsay O.P.P. investigated two minor accidents on the weekend with slight damages and no injuries.

An Onsenme man, Robert Mitchell, was the driver of a car involved in a one-car accident near Onsenme at Ribblesdale curve early Saturday.

A car driven by John Holt of Willowdale was slightly damaged when it went out of control as the driver attempted to avoid hitting a dog.

This accident occurred Friday night near Powles Corner, on Highway 35.

Hit-run accident

Lindsay O.P.P. are investigating a hit-run accident involving a car owned by Rein Little of Little Britain.

Police say the accident happened near highway 38 and 78 about 4 a.m. Saturday, when the Little car was struck by a west bound vehicle.

Const. Robert B. McGregor is investigating.

Fight blaze eight hours

Damage estimated at about \$5,000 was caused when a fire broke out in the Dominion hotel in Kinds.

Fire Chief Eldon Beaton told "The Post" his department answered a call at 7:30 Sunday evening to the hotel to find the upper part of the building on fire.

A nine-man brigade fought the fire for over eight hours, said, before bringing it under control.

Owner of the hotel Steve Restal told "The Post" that the fire and his men did a "fine job."

"He prevented what could have been a real bad fire," he said, "and with his men did a fine job."

"It could have started from a cigarette that had fallen into the back of a chair or the cheerfulness," he added, "and it could have started earlier on in the day and later went out on a little going to the hotel and told us and when we arrived the fire department was there."

Call off Bobcaygeog fish derby, use money in pollution research

There will be no fish derby at Bobcaygeog this year. Vice-president Tom Thompson of the Chamber of Commerce, said "The Post" that it had been decided to forget the derby this year and use the money for water pollution research.

"It has been costing us about six to seven hundred dollars to put on the derby," Thompson said, "and with the prizes, advertising, etc., and although we reached the deadline reluctantly, we decided the money would be put to a better use."

"If the water situation clears next year," he added, "we may go ahead."

NOTICED . . . along the way

Major Joseph Holton didn't let the grass grow under his feet while he was attending the Calgary Stampede. He was doing some work there. His worship saw his opportunity to get a little quiet time when he met up with RCMP Commissioner Harvison. Commenting on the fine performance of the RCMP Musical Ride was turning in at the Western show, the mayor asked the commissioner if he thought there was a chance of having a musical performance at Lindsay Central Exhibition, all other things being equal.

To his surprise, the commissioner said it was entirely likely because the RCMP felt it would be a good thing for spreading national pride if the crack riding outfit could put on a show at many of their smaller centres. Now all that remains is for the mayor to sell the idea to Lindsay Central Exhibition and there is a good chance the show could be brought back to Lindsay.

His worship is also credited with inspiring a new musical treat for Lindsay. According to usually well-informed sources, a "Kano-cake" musical is regular fare.

Most people like to eat . . . it's just the high price of food that puts a damper on some people's appetites. But price was no object in Calgary during the stampede, especially if you liked pancakes, bacon and coffee. Dr. L. C. Wansbrough of Lindsay was among those who enjoyed the city's hospitality of sending stampede visitors with all the pancakes, bacon and coffee they could handle.

It was also a good thing to have the house - FOR NOTHING. No wonder people go to the stampede. It gives you a chance to balance up the cost of living in the East.

Lindsay's newest parking meters are paying dividends with inspiring a new musical treat for Lindsay. According to usually well-informed sources, a "Kano-cake" musical is regular fare.

HUSBAND'S EYE LOOK YELLOW

Dear Dr. Steinhorn: My husband's eyes are always glassy, bloodshot and yellow looking. Can this condition be caused by excessive beer and whiskey drinking? It doesn't seem to make him drunk, but I can't help wondering what it is doing to his health, and why a person needs such strong stimulants and so much of it to his opinion please, — Mrs. W.

Comment: I don't know your husband's age, how long he has been drinking excessively. But if he has jaundice (yellow eyes, yellow skin, etc.) I'd want to be sure that he hasn't cirrhosis of the liver or some other serious involvement. My opinion is that the sooner you get him to a doctor the better.

I have just received a warning put out by the University of Rochester Department of Pharmacology regarding the use of ipoxin, which is many times as potent as aspirin. It is used to induce vomiting in cases of suspected poisoning.

Occasionally, by mistake, the more powerful ipecac "rui destry" instead of the latter.

"syrup" is given. According to the University of Rochester group, the fluid extract is 14 times as potent as syrup of ipecac, and can sometimes prove fatal. Therefore, better look twice at the label — which is a good rule for all medicines — before taking, or giving.

In spite of many warnings against the promises and practices of quacks who have special formulae for the cure of cancer, I continue to get occasional letters from people who believe these people really have a cure for cancer. For example, today's mail contained a letter from a reader who was sure that a "milk and banana" diet was the answer to cancer. It's not that the ingredients of these diets are harmful; it's the loss of the putting off of scientific medical treatment with surgery or radiation or X rays. As we all know, cancer can be cured if we see it early enough, but is incurable when the patient comes after it has spread.

Dear Dr. Steinhorn: I get mail mixed up with people

two types of temperature readings. I know that the normal body temperature is 98.6 Fahrenheit, but it is sometimes expressed in Centigrade. What is normal in Centigrade, and how do you change one into the other? I mean if I had 100 Fahrenheit, what would be its equivalent in Centigrade? — Mr. N.

Comment: The normal body temperature in Centigrade is 37 degrees. To change a Centigrade reading to Fahrenheit multiply it by 9/5 and add 32. To change Fahrenheit to Centigrade you subtract 32 from the Fahrenheit reading and multiply by 5/9.

For Mr. L: What more can you do than you are? You have called the doctor to see your husband, you are trying to help with his diet and the medicines he is supposed to take, but he is stubborn and insists that both you and the doctor are alimids. Ulcer doesn't do well on three or four shots of liquor and two packs of cigarettes every day. If he won't listen to good sense, someday — you'll happen with stubborn patients — the ulcer will take

Bolsover Ratepayers Assoc. asks council to meet Fridays, hold nominations on Saturday

The Executive of the Bolsover Resort Association drove to do so. Third, that if election from Toronto, Ontario, and day itself could not be changed other points, to attend the a Saturday, that an Advance Poll be permitted on the Saturday prior to elections so summer residents may exercise their franchise. Fourth, that a preliminary address to council outlining the organization of the association, its aims and purposes, and pulling forth five council members to discuss with Council on behalf of the Bolsover area, and especially at the canal swing bridge. The items submitted for consideration by council were: First, that township council meetings be held on a Friday evening or Saturday so executive could more conveniently attend, without having to drive many miles, especially for a midweek meeting. Second, that the annual nominations for township council members be held on a Saturday so summer residents could attend.

John Allan addressed the meeting. Although nothing was finalized at this meeting, both executive and council became acquainted and the ground-work was laid for future meetings. On their departure, Mr. Allan addressed the

ABDOMINAL EPILEPSY
I have been reading the case report of a boy who began having abdominal pains since the age of two. When he was eight years old he had his appendix out but there was no subsequent relief. He had a GI series which was negative. Some time later pains returned, a surgeon was called in with the idea of doing an exploratory operation to try to discover the trouble. But the boy's pains disappeared while in hospital and the thought of surgery was given up.

Instead, doctors became suspicious of abdominal epilepsy as the cause. They took electroencephalograms which were "suggestive" of epilepsy. They gave him the usual anti-convulsive medicines, but he kept having abdominal attacks after he left the hospital.

Another doctor couldn't be convinced the boy was acting "typically." He had not responded to the epilepsy medicine, repeat of EEG's were normal and the attacks didn't begin and stop suddenly as they often do when abdominal epilepsy is suspected. He decided to go on the diagnosis.

He ordered special X-rays and discovered that the boy had a large mass in his bowel which turned out to be what we call a Meckel's diverticulum (an abnormal pouch arising from the bowel). The surgeon removed it and the boy was discharged from the hospital without pain and has had none since. There's a moral here. All pain isn't imaginary. Neither should vague pains for which no definite reason can be found, labeled as being due to abdominal epilepsy (although this condition should always be considered in such cases). And the fact that one series of X-rays has been negative does not mean that the patient isn't entitled to have a careful X-ray checkup again. If he boy hadn't had a rectal, he might never have been cured.

BLACK WIDOW SPIDER BITE
Dear Dr. Steinhorn: I have read information on the usual treatment for snake bites, but I never on a black widow spider bite. As we have seen some spiders around here which abdominal epilepsy. So he look like black widows, we'd like to know if there is any

Toronto car jacks to ditch

Jack A. Crounghan of Toronto was the driver of a car which went out of control on Long Point Rd. one mile north of Glenora on Thursday.

Police say the accident happened about 11:40 p.m. while the car was going east. It went out of control, took to the ditch, hitting a tree, overturning, causing extensive damage, to the vehicle.

One of the five passengers in the vehicle received slight cuts about the face and was treated at the scene. G.P.P. Constable Jean DesLaurier of Cobocok is continuing investigations.

know one patient who had not returned to his office at all - and it's now at least 25 years since he had his attack. This in spite of all examinations which proved that he should have been back at work within three or four months. He is an unusual case of a corophobie. Studies over the past year have shown that the coronary patient is better off back at work - if the doctor says it is ready for it.

BEETS AND BOILED

Did you know that the name "beet" has its origin in Early Roman history? The word "beet" was supposed to resemble Greek. Letter "B" led the Romans to adopt the name "beta" for the beeted one at 350° F. At the end of the cooking period, the water should be just used to resemble Greek. Letter "B" led the Romans to adopt the name "beta" for the beeted one at 350° F. At the end of the cooking period, the water should be just used to resemble Greek.

Macdonald Institute food experts at Guelph, outline a few items on the care of beets: choose only those beets with round smooth surfaces, avoid blemished or excessively dried beets, and keep them refrigerated in a polyethylene bag. If on juice, will also preserve the red color.

The tops too, make a delicious treat. Wash, core, and serve in the water which just clings to the leaves after washing. (The water should form a film and the pan may have to be shaken lightly at the start to prevent scorching.)

How Can I...?

Q. How can I clean white satin shoes?

A. One of the handiest ways to do this is to rub the shoes with a soft art-gum eraser. If they're too soiled to respond to this, try rubbing them with a soft cloth dipped in vinegar, and then with a cloth dipped in cleaning fluid. Or, put a few drops of lemon juice on some lint-free alcohol and apply that with a cloth.

Q. What can I do about some food which I have inadvertently overcooked?

A. A small piece of natural ocean sponge or a small silver spoon, cooked for about 10 minutes in the briny food, will usually take away the salt taste.

Q. How can I avoid the annoyance of knocking or twisting when taking down my washline?

A. Try twisting the clothes line TOWARD you, instead of away from you.

IT COULD HAPPEN on YOUR VACATION

Smart burglars make hay in vacation time. They choose homes that look vacant; pilfer at their leisure. When you leave on vacation keep a couple of small lamps burning; stop milk and paper deliveries. And, most important, make sure your possessions are protected with a blanket burglary insurance policy. It costs so little.

Rotary Club sponsors Fenelon Falls bowlerama

Fenelon Falls (PNS) — The Gale and A. Taylor appreciate Fenelon Falls Rotary Club the support of the village men sponsored something new in the bowling, which reached 100 pins. The last Fenelon record performance in the eve of the 1982-83 season was 100 pins.

The Rotary Club is also sponsoring the Saturday night dance held in the arena and every Tuesday evening "Work Shop 35" a group which features local group work presents their day. It would tell the sum, and with it went some of the day's work, not as today, but a man. There was no excuse for not stopping for lunch, or for returning to work after, as the bell again would remind them, it was noon and then one o'clock.

No stamped for beer here despite threat of strike

Strike rumors have caused Manager L.A. Kilkenny of the Brewers Retail Store, 16 Kent St. E., stated today, no stocking has been made and neither has customers tried to increase their beer.

"It takes money to buy beer and business has just been the usual summer trade," he observed.

The Toronto Local of the Brewery Mail and Soft Drink Workers International Union, representing workers at the larger contract plants, has authorized a strike.

Death knell has been rung for the town hall bell

The death knell has been rung for the town hall bell at last. The town hall bell at last. The town hall bell at last.

Many of the old residents of Fenelon Falls, Ont., who would know anything about it are long since gone. However, scores of people still remember, how, hauled away to be put on exhibition at the Victoria Museum and with it went some of the day's work, not as today, but a man. Stones in pipe foul pump, police probing

A year ago the Lindsay Golf and Country Club spent a large sum of money on the installation of a sprinkling system across the fairways. Considerable delay took place in the securing and installing of a special motor pump with other equipment. Recently when the pump was about to be installed, it was discovered that some person or persons had crammed the pump pipe with stones. This has caused an other delay and much disappointment. It is reported in Lindsay Police have been working on the investigation.

Several citizens maintain it should have been left on the said, had been discovered in the Halliburton area.

L. T. (Les) Brautson was among the more interested employees of Brewster's Warehouse Co. It was really the sponsor of the show in a sense - it was his company which had contracted to remove the bell and belfry and had backed the performance. He was working in case a high wind might blow the belfry off the roof.

As the minutes ticked off, the building contractor recalled some of the history of the bell as he remembered it. He said it was the third time he had been called in to do something in connection with it. The first time was back around 1926 when he and several painters were in agreement to paint the belfry free.

With the announcement "The show's over folks - pay as you leave", the crowd slipped out the back way and the contractor was left holding the hat and the hat. He later of A. E. Shubbing. The next time he had the belfry to remove when it wanted it for a dog house with a time limit on its removal.

Tom Hall of the Bell Telephone Co.'s Lindsay branch, counted the bell well at the time it was rung down on its bells and the show was over.

Pony steps on girl's toe

Valentia (PNS) — When her pony stepped on her toe, Sunday's riding pleasure was ruined for a little Valentia miss.

Karen Sheesby, daughter of Mr. and Mrs. Cyril Sheesby, received a painful injury when the tiny family pony in some unexpected way stepped on her foot.

The injured girl was taken to the Rose Memorial Hospital where it was found necessary to remove a piece of the bone from the toe.

Karen was released from hospital Monday afternoon and now is recovering at her village home.

WILL ORDER ARMY

The French Government has announced that it will order the French Army to intervene if the mismanagement of French Nationals in Algeria continues. The French Government said that the warning has been delivered to the Algerian Provisional Executive.

APPROVES APPOINTMENT

President De Gaulle's Government has approved the appointment of US General Lyman Lemnitzer as Allied Supreme Commander in Europe. General Lemnitzer was named last week by President Kennedy as Commander in Chief of US forces in Europe. He is expected to be named to NATO as Allied Supreme Commander... succeeding General Lauris Norvick, who resigned the post last week.

WILL LEAVE FOR WASHINGTON

US Secretary of State Dean Rusk has announced that he will leave Geneva for Washington today. Since he arrived in Geneva Friday, Rusk has held three cold war talks with Soviet Foreign Minister Gromyko without breaking their deadlock over the Berlin problem. But both sides have indicated that they wish to keep the talks going at some level.

TWO-HOUR TALK

US Ambassador Llewellyn Thompson held a two-hour talk in Moscow this morning before Thompson left his Moscow post to return to the United States. Thompson declared immediate comment on the meeting which was technically a final protocol visit. But the conference provided a chance to review the entire range of East-West problems especially Berlin and disarmament.

LAST-MINUTE EFFORTS

Ontario's Chief Conciliation Officer, Louis Fins, gets down to last-minute efforts today to avert a strike of brewery workers throughout the province. Union membership meetings are scheduled for next weekend to vote on strike action. The Toronto local has already approved strike action if wage increase demands are not met.

MEET IN BRUSSELS

Ministers of the six Common Market countries are meeting again in Brussels with chief negotiator for Britain's proposed entry in the trade group-Edward Heath. They will spend four days talking over the proposed entry... a matter of interest to Canadians since it will affect Britain's Commonwealth trade. Heath says he plans to discuss Agricultural products-including meat and eggs-with the ministers.

Area residents fear rezoning of store site

Say old values and landmarks would drop

Several residents in the area of the proposed new Dominion Store site are in arms. They say they do not want the frequency of the area's homes disturbed by any such commercial venture. Commander Sherrill says that the store would spoil their way of life, they declare.

The following residents of the residential block bounded by Peel, Sussex, Wellington streets and Victoria Ave. are in support of the rezoning of the site:

Tony Bakopogre, retired business dealer in dist. bus. (has a disclaimer of the establishment of the Dominion Store here to his liking. "It would be no good at all. Trucks and noise would be too close to the residences here," he said.

J. E. Blewett: "I would spoil the whole block and the beauty of Victoria Park. The park is the only beauty spots where tourists and housewives can stroll."

Take and surround it with commercial buildings and have three or four stores here in peace and quiet for 40 years. All the business here is in the Dominion Stores want to buy 50 feet of the Bakopogre property.

Oshawa man's body recovered from lake

The body of John Sargent, 26, of Oshawa, who drowned Wednesday night in Canal Lake, was recovered by Provincial Police Saturday afternoon.

Sargent, and a companion James Henry, also of Oshawa, were thrown from the boat when it overturned, while on a fishing trip. Mr. Henry held onto the boat until help arrived.

Police say an inquest will be held.

It is believed the body found near where the drowning occurred, was brought to the surface after it was pulled heavy rains over the past few days in that area.

Trapping operations were discontinued sometime Friday morning after an all day and night search by police and skinkers.

Police say an inquest will be held.

William J. Argue

There passed away after a lingering illness, at Ross Memorial Hospital in Lindsay, on Nov. 29, 1962, a highly respected resident of the Cannington community, in the person of William John Argue, in the 70th year.

Born in Brock Township, Mr. Argue was a member of the late Mr. and Mrs. John Argue and was educated at Sprague's School.

On November 28th, 1917, he married Miss Edith J. Francis, of Thornhill Township, and they farmed on the 14th concession of Brock until four years ago when they moved to St. Catharines to retire.

Mr. Argue was a member of Cannington United Church and for several years a valued member of Mchadsoe school. He took an active part in the Cannington Agricultural Society and served as a director. Mr. Argue was a keen sportsman and enjoyed hockey and baseball.

Left to mourn the passing of this well known and faithful resident, besides his wife, is one son, John, living on the 14th concession of Brock, two daughters, Mrs. J. H. McLeod, Mrs. J. H. McLeod, and Miss Thelma Argue. Also surviving is a sister, Mrs. Victor King, of Smeaton, Saskatchewan and seven grandchildren. A son, William, predeceased his father in 1961.

A brother, Hugh and two sisters, Margaret (Mrs. W. H. McLeod), and Mrs. Herbert Baymen, also predeceased him.

Rev. C. R. Wragg of Cannington United Church conducted the funeral service on Wednesday, December 1st, at 10:30 a.m. at the Summerfield Funeral Chapel which was attended by Rev. C. R. Wragg, from Toronto, Arthur, Mott, Forest, Beachridge, Orillia and Lindsay.

The many beautiful floral tributes were received from Rev. C. R. Wragg, from Toronto, Arthur, Mott, Forest, Beachridge, Orillia and Lindsay.

250 pints of blood objective

A call has gone out for 250 pints of blood. Blood of types A, B, AB and O positive is in urgent demand. Donations can be made at the Blood Bank and Services Clinic to be held in Cambridge Hall, Wednesday, August 8th from 10:00 a.m. to 4:00 p.m.

Dr. R. M. Parker, Chairman of the local Red Cross Blood Donor Committee says that last year the citizens of Lindsay and District did not donate nearly as much blood as was used in the Ross Memorial Hospital. Accidents at this time of the year make the drain on the blood banks very heavy, he points out.

"Any blood being the Blood Donor service will be greatly appreciated by the Canadian Red Cross. The service is especially by the local Blood Donor Clinic." Dr. Parker

So what's new at the Ex?

Toronto, So what's new at the Ex? Lots is new at the Ex., as a stroll around the grounds of the world's oldest and largest annual exhibition will clearly show.

While carpenters hammer and painters paint in preparation for the August 27th opening of the 94th edition of the Canadian National Exhibition, final polish is being applied to new buildings and so is replacing old buildings which were torn down in the general face-lifting which marks this year's Exhibition. Spick-and-span buildings worth a look include the new \$3,000,000 Better Living Centre which sits on the site once occupied by the old "Mama's" Building and is replacing old buildings which were torn down in the general face-lifting which marks this year's Exhibition.

The building, described as the finest structure of its type in the world, with mirrors all the way to the ceiling, is now in good modern-day living.

The General Exhibits Building, located north of the old Administration Building is so new that on land once occupied by this building, the Canadian Navy, Army and Air Force have set up shop to display what's new in tools for Canada's army.

Tenants in the Hydro Building for many years, the Ontario Hydro has moved to the better Living Centre. This year the Hydro Building will house "VespaScope '82," a Canadian veterinary surgery to familiarize the layman with the work done by animal doctors. Here actual operations will be performed on small animals and closed-circuit television cameras will televise the surgery to the operating table.

An innovation which has long been sought by the Ex. is to bring the annual exhibition to the public as well as an international fair. This year, products from 18 foreign countries will be offered for sale. The Ex. has also brought products with a foreign flavour could not make a profit. Many of these products will be made available. The Market will be set up for the West Annex of the Coliseum.

While some exhibitors are moving the flower show to the new building, the Flower Show is moving back home to the Exhibition Building. The display will be all new in concept. Centre displays of the flower show will be arranged in a way which will permit all around viewing make an attractive display for the new previous floor plan in the Flower Show.

The writer has been made to the agricultural exhibits. It times past, cattle moved into the show and the exhibitors got underway and moved out before its conclusion. This year the exhibitors will be in continuous operation, filling during the first half with dairy cattle and the second half with beef cattle. Champions and Reserve Champions will remain on the grounds for the duration of

Rose Bed Clean-up

It's a good time to give your roses a summer clean-up, advise horticulturists with the Ontario Department of Agriculture. They say that the weather during the summer is the best time to clean up the roses.

Start by removing all the old flower heads and fallen leaves. If the bed is weedy, hoe the weeds out and break up any hard crust that has formed on the soil surface.

Now that the bed is cleaned up, what about fertilizers? If your roses are doing well, the least that green-leaved plants have a general healthy appearance, application of fertilizer is not more than good. You'll end up with lots of leaves, but few blooms.

If you plan to force your rose, apply $\frac{1}{2}$ pound of sulphate of ammonia and $\frac{1}{2}$ pound of muriate of potash per 100 square feet not later than mid-July.

Q. What can I do about some head marks on my furniture?

A. These are often caused by the head of a chair or stool being rubbed against the wall.

The best method is to stroke the wood lightly with a cloth moistened with a clean, dry cloth. Do not use a linty cloth, as this may stick to the wood.

Q. Good suggestions a recipe for "good friends" underarm deodorant.

A. One effective one is comprised simply of bicarbonate of soda dissolved with water. This is also a good body deodorant.

Q. How can I prevent a cold shower during rain milking?

A. To avoid this, first pin a sheet of white paper to the wall about the height of the milking machine. The light and shade from the window will keep the paper dry.

covered after the first few days of cooking. This green leaves, such as spinach, are an exception, and are cooked, to the Ontario Department of Agriculture, during the summer is the best time to clean up the roses.

Start by removing all the old flower heads and fallen leaves. If the bed is weedy, hoe the weeds out and break up any hard crust that has formed on the soil surface.

Now that the bed is cleaned up, what about fertilizers? If your roses are doing well, the least that green-leaved plants have a general healthy appearance, application of fertilizer is not more than good. You'll end up with lots of leaves, but few blooms.

If you plan to force your rose, apply $\frac{1}{2}$ pound of sulphate of ammonia and $\frac{1}{2}$ pound of muriate of potash per 100 square feet not later than mid-July.

STOP!... killing yourself

By Peter J. Steiner, M.D., F.A.C.P.

'SLIGHT STROKE'
Dear Dr. Steiner: My father, at 72, has suddenly changed from a strong, proud, decisive man to one who forgets his friend of thought in the middle of a sentence. At times he has difficulty in signing his own name. He gets about more slowly, cares for himself, but has lost all interest in hobbies that have meant so much to him in the past.

He realizes that something is dreadfully wrong, but suffers in silence. Our doctor, after a thorough examination, says that due to severe hardening of the arteries, a clot has done little to a portion of his brain.

Is there any known help for this condition? What is the outlook? Please answer soon. It's disturbing to send helplessly by and see this mental and physical deterioration in one you love. - Mrs. M.

Comment: "Disturbing" is an understatement. I know what you mean, however. Others call it frustrating, heartrending and feeling helplessly inadequate when standing by and being unable to help her to whom we love.

Your father probably has cerebral thrombosis, which as

your doctor says, is due to atherosclerosis. The circulation in an artery has been closed off. A part of the brain is missing its vital circulation and nourishment, and your father is suffering for it. The symptoms which you mention are typical of a question mark, although I have seen some patients of his age with such a condition who never have known thromboses or hemorrhages.

Comment: Sometimes giving the patient blood-thinners prevents further trouble. Investigation of the circulation in the neck arteries occasionally furnishes important information.

Dear Dr. Steiner: I am 63 years old and have suffered from coronary heart disease for nine years. My blood pressure stays around 200. Two

months ago I had a stroke which had two slight strokes, which made it necessary to learn to type (two fingers) since I cannot write legibly. But the words "give up" are not in my vocabulary. My only reason for writing is to

bring hope and fortitude to others with similar sickness. - Mrs. H.

STOP!... killing yourself

HOUSEFUL OF PROBLEMS
Dear Dr. Steinerhohn: I am the mother of seven children—five boys aged 4, 6, 7, 11½, and 13 and two girls aged 8 and 10. They are all neurotic with only occasional dryness. Can you give me any advice on how to cope with this problem? They've been checked for physical causes. Everything seems to be all right. I never punish or blame them. I seldom get angry about it in their presence, but I admit I occasionally get in a corner and blow off steam.

I try to build their confidence that they won't get any more. I assure them that they will grow out of it... and send up a silent prayer that they really will. My husband is very understanding of the problem, too. We read to them at bedtime. They are all about average intelligence, with a liberal sprinkling of As and Bs in their reports from school. Each has a different personality. I realize I have seven different problems. The laundry is maddening. Diapers and waterproof pants cause serious diaper rash. I am losing hope. Can you help me?

Three visiting groups attend Valentinia UCW meeting

Valentinia (PNS) — The U.C.W. held their meeting recently when they entertained the Pleasant Point, Zion and Little Britain societies, and Mrs. Murray, of Woodville who was the speaker. The devotional service was conducted by Mrs. Joe Cockwell and her group. The call to worship was followed by Mrs. Cockwell offering prayer. A hymn was sung. The scripture lesson was read by Mrs. Ben Howlett. Mrs. Cockwell gave an interesting reading on the lesson and closed by prayer. A hymn was sung, and the Lord's Prayer repeated in union to close the devotional service. The President Mrs. L. Snodden, presided over the business period. Mrs. Snodden offered prayer, and read a poem. The theme song was sung, after which Mrs. Noble King consisted of one item from

each visiting society. Miss Carol Ann Mark, of Little Britain favoured with a solo with Mrs. Cecil Glenney, pianist. An instrumental was given by Mrs. Stuart Hall of Zion. Mrs. Howard Foster, Pleasant Point, gave a reading. Mrs. Murray then gave and inspiring talk on "The Symbols of the Christian Church", and showed the various crosses. Mrs. Murray closed her remarks by repeating a poem, "My Father". Mrs. Snodden thanked all who had taken part in the meeting, as all had appreciated each number presented. The offering was received by Mrs. Joe Cockwell and Mrs. Ross Snodden, the offertory prayer was given by Mrs. Ben Howlett. "We Give Thee But Thine Own" was sung. The interesting and impressive meeting closed by singing "Blest Be Thee That Binds", and prayer by Mrs. L. Snodden. Grace was sung, after which lunch was served and a social time spent together.
